

PLACED UNDER ARREST ON A CHARGE OF FRAUD

Dr. Yates, of Pittsburg, Apprehended Here and
Accused of False Pre-
tenses.

A \$5,000 NOTE IS THE CAUSE OF THE DISPUTE

Declaring that his father had been defrauded out of \$5,000 by Dr. Walter Yates, son-in-law of M. K. Carroll, a prominent resident of the East End, Ralph T. Pittcock, of Pittsburg, appeared before Mayor Weaver late Saturday afternoon and had a warrant issued for the arrest of the accused man. The warrant was given to Officer McDermott and at about 10 o'clock that evening placed Yates under arrest at the home of Mr. Carroll. The arrest caused a sensation, owing to the prominence of the parties concerned.

The alleged victim is Thomas R. Pittcock, a very wealthy and highly respected business man of the Smoky City, who besides owning considerable real estate is at the head of an oil refining company, with an office in the St. Nicholas building, Pittsburg. According to the son Yates assumed an obligation of a friend by the name of Russell, who owed his father \$5,000. He states that the elder Pittcock was lured into a trap of writing a note for amount, making it payable to Yates, who, it is alleged, and is not denied by Yates, had it discounted at the Continental Trust company, receiving \$4,000 on the paper. Pittcock, Jr., says that Yates promised to make good the obligation of Russell, and instead of doing so procured the money and skipped out. It was an easy matter for Yates to get the money, being well known in Pittsburg and all he had to do was to endorse it. It is alleged though that Russell helped him much in the transaction, and a warrant will be issued for the arrest of the latter.

When Officer McDermott started out in search of Yates he told that the man would likely be found at the home of his father-in-law and he went directly to the home of Mr. Carroll.

stopping only to get the assistance of Officers Fisher and Spence, of the East End department. Arriving at the Carroll home McDermott stationed the other officers at two exits and boldly entered the house by himself. He had been given a description of Yates and readily recognized him. McDermott read the warrant to him and he reluctantly consented to go to the mayor's office. He at once denied his guilt of any felony, but stated that it was true he had discounted the note. He said, however, that he would be proven innocent of any wrong when the case comes up for trial, as he would show to the court that the note was made out to him and that Pittcock owed him in the neighborhood of \$12,000.

Yates was informed by the mayor upon his arrival at the city hall that unless he could furnish \$5,000 bail he would be compelled to lock him up. Yates thought it would be an easy matter to get a bondsman and sent for his father-in-law, who soon came, but owing to some irregularity was unable to arrange the bond in satisfactory manner. Yates was then locked in a cell. He was released, however, yesterday afternoon, Mr. Carroll succeeding in giving the required bond. The mayor set as the date for a preliminary hearing Monday, February 8. As Yates refuses to return to Pennsylvania without requisition papers it will be decided at the hearing whether or not there are grounds for application to Governor Herrick for the extradition.

Yates is about 60 years of age and a fine genteel looking gentleman. He was for 20 years a practicing physician in Pittsburg. He is well known in this city and his friends generally were greatly surprised when they learned of his trouble.

TWO WERE KILLED

And One Fatally Hurt As a Result of
An Attempt to Serve a
Kentucky Writ.
Lisbon, February 1.—(Special.)—The case of Thomas Corbin against Thomas Shreeve has been appealed from the court of Justice Alfred Moore, of St. Clair township, where the plaintiff got judgment for \$15.55. The case is an action in replevin, the plaintiff alleging that the defendant is wrongfully in possession of three coal picks, a sledge, a wedge, a half gallon of miner's oil, a miner's lamp, a coal shovel, of which Corbin claims ownership.

The New Century club met on Saturday afternoon at the home of Miss Hazlett on Fifth street. An interesting program with talks and discussions on the subjects, "Two Queens of England—Elizabeth and Mary," and "Shakespeare," were carried out.

SAVED BY USE OF A STOMACH PUMP

Lisbon Woman Nearly Died From Accidental Taking of Turpentine For Castor Oil.

Lisbon, February 1.—(Special.)—Mrs. Elizabeth Dibble, aged about 80, took a tablespoonful of turpentine at her home here at 11 o'clock yesterday morning, in mistake for castor oil. She nearly died from the effects of it, but was saved by the use of a stomach pump and an emetic, which caused her to vomit freely. Some time ago Mrs. Dibble's daughter, Julia, was taken to the Gallipolis hospital for epileptics and since then the old lady is said to have been very despondent.

Suit on a Note.

Lisbon, February 1.—(Special.)—Samuel Knecht has filed suit in court here against John Oesch, asking judgment for \$500 with interest at three per cent from November 1, 1902, alleged to be due on a promissory note, executed at North Georgetown on that date.

CHURCH TOO SMALL FOR ALL WHO CAME

Mayor Weaver Again Excludes
People From Revival
Meeting.

M. E. CHURCH OVERCROWD

Mayor Weaver was compelled last evening to again turn scores of people away from the First M. E. church. He determined soon after the horrible holocaust at Chicago to prevent any such disaster in this city and to carry out the purpose has found it necessary to include churches in his sweeping order that all public buildings be governed by the laws which relate to them.

It will be recalled that the chief executive had the doors of the Methodist church closed several weeks ago when he saw that the big auditorium was about to be overtaxed. His act was a precedent which will be followed throughout his administration. Similar conditions were apparent soon after the church was opened last evening. People of the city were turned out by the hundreds to attend the revival being conducted by Rev. Dr. Pratt, and as the seating capacity of the church will not accommodate more than 1,200 room for the throngs was not long in being occupied. As on the previous occasion the mayor instructed the ushers to close the doors and commanded quite a number who were standing in the galleries to go below. When this was done the aisles of the church proper were obstructed and the mayor got busy again, ordering the people to vacate the avenues of exit. The mayor stated this morning that he will insist on the observance of the state law. He is personally liable for any infringement on the statutes and it will not be his fault if the law is not obeyed. As stated exclusively in the News Review, he had the management of the local opera house and Larkins' hall, of the East End, before him Saturday afternoon. Without beating around the bush he explained the situation to the gentlemen and informed them of their duty. They agreed to comply with the law and this morning carpenters were put to work on both buildings. The mayor was assured that the buildings would be properly equipped within three days.

Replevin Case Appealed.

Lisbon, February 1.—(Special.)—The case of Thomas Corbin against Thomas Shreeve has been appealed from the court of Justice Alfred Moore, of St. Clair township, where the plaintiff got judgment for \$15.55. TRIED SUICIDE IN CITY JAIL

Harry Ball, Mentally Unbalanced,
Attempts to End His
Own Life.

LOCKED TO THE JAIL BARS

In Order to Ensure His Safety—William Smith Returns from the Infirmary And at Once Falls Into His Old Ways.

Harry Ball, the dope fiend, was arrested again yesterday by Officer Dunn. He was released from jail but a week ago upon his promise to find work and discontinue his riotous living and the officer was surprised at seeing him creating a wild disturbance with both booze and drugs and when placed under arrest was raving like a maniac. He gave the officer considerable trouble in landing him, and only because he would not strike a man just because he could, Officer Dunn refrained from smashing him.

While scores of people were passing the patrol box, Ball gave utterance to the vilest language at his command and continued it for hours afterward. When lodged in jail he swore that he would commit suicide and cursed every one who is in any manner connected with the police department. His language became so offensive during Sunday afternoon that Mayor Weaver ordered Officer McDermott to handcuff him to the bars, giving him such a position as to keep his arms outstretched. This dose had the immediate effect and the young man soon decided to keep his foul mouth closed. By this morning he was sober and imploring to be allowed to go to work, the mayor gave him his permission. Ball is one of the trio who spent a fortnight in jail on bread and water, his companions being Charles Amos and Jack Quinn. It is said that they met Saturday evening in front of a bar and when one of them exclaimed, "United we stand, divided we fall," all concluded to drop.

William Smith, another old offender, was arrested. Officer McDermott found him on Broadway last evening and gave him his favorite cell. He recently returned from the county infirmary and two little drinks got him in his deplorable condition. He told the mayor that he would never touch another drop in his life, and promising to go to work will be released today.

FARMERS' INSTITUTE MOST SUCCESSFUL

The Gathering at Lisbon Concludes
With Inspiring Addresses and
Annual Election.

Lisbon, February 1.—(Special.)—The twelfth annual Central Farmers' Institute closed in the common pleas court room Saturday afternoon and was one of the most successful in the history of the organization. Not since the first institute was held here has there been two better state lecturers assigned to address the farmers than J. L. Doble and C. R. Wagner, who were the state speakers this year. The attendance was large at every session up to the adjournment Saturday afternoon, the court room being packed at each session after the opening Saturday morning.

The concluding sessions were characterized by addresses from several local speakers, Emmor Cope, of Butler township, speaking on "Farming as a Profession and Its Outlook," Mrs. D. E. Pidgeon on "Farm Poultry," R. M. Patterson on "The Farmer and His Relation to Society," and George W. Armstrong on "A Few Thoughts on Apple Growing." Other features of Saturday's session were recitations by Misses Bertha Yates and Lois Cope and a vocal solo by Miss Leah King.

The following officers were elected for the ensuing year: President, John Patterson, of Elkrun township; vice president, Seymour Pottorf, of Butler township; secretary, George W. Armstrong, of Center township; executive committee, Emmor Cope, of Butler township; John L. Crowl, of Center township; B. Y. Brown, of Wayne township; M. E. Cole, of Elkrun township; Lemuel Nold, Salem.

DEPART FOR THE WEST TO LOOK AFTER MINES

Local Capitalists Interested in Lead Deposits Near Jefferson City, Mo.

George Olmhausen, J. M. Shives and S. C. Williams left on Saturday evening for St. Louis, Mo., where they will meet some mine owners and capitalists who own extensive tracts of land near Jefferson City, which are underlain with lead ore. The trio of local men have an option on 840 acres of this valuable land, and the object of their journey is to make a thorough investigation of their holdings before having it developed.

They were joined at Steubenville by several Pittsburg capitalists who are also interested in the land. It is thought by the projectors that they have made a rich strike and it is their intention to start the mining of the lead at once if everything is found to be as represented. They have been informed that the vein of lead is three feet thick and of the finest quality. The gentlemen will be gone at least 10 days.

BLOODY ASSAULT BY COLORED MAN

Charles Brock Accused of Terribly
Beating His Wife and
Child.

OFFICERS ARE AFTER HIM

Blood spurting from a deep gash in her head and her body badly bruised, Mrs. Charles Brock, colored, accompanied by her little six-year-old son, applied at the city hall last night shortly before midnight for protection. She claimed that her husband, after filling up on booze and cocaine, went to their boat and without explanation commenced beating both her and their child, finally picking them both up and hurling them violently to the beach. She was given quarters until this morning.

Mrs. Brock, though usually light-hearted, possessing that characteristic of her race, was much depressed at the jail this morning. She stated that her husband had given her up for a woman by the name of Katie and that he has been treating her shamefully of late. She averred that last night he used a club to beat her and that the ugly gash visible on her head was made with the coward's weapon. After being thrown out in the cold she lay on the ground for some time before she was able to arise and proceed to the hall. The mayor has heard of Brock's actions numerous times lately and he at once ordered the police to arrest him on sight.

Mrs. Brock has been living anything but an agreeable life during the past few weeks. She professes to have an innate desire, one that is uncontrollable, for intoxicants, and no one believes more strongly that "wine is a mocker, strong drink is raging." As a result of her propensities for the animating stuff she has spent considerable time behind bars and this morning she was about to repent of her unwise course.

The worst experience she has met through her degenerate proclivities occurred at Wellsville a few days ago when she became so beastly drunk that two officers placed her under arrest. She was wild and woolly, and because she kicked the shins of one of the officers and dumped the other one on his head she received some severe bumps and a fine of no small amount.

Her husband has not given the local officers much trouble for a few months, having lived on the shore of Wellsville, but he likes old East Liverpool and the police anticipate more exciting experiences with him.

HELD FOR COURT

John M. C. Green, Accused of Non-Support, Placed Under \$300 Bail for a Hearing.

John M. C. Green, a jiggerman employed at the Thompson pottery, was arrested Saturday afternoon on a charge of non-support, preferred against him by his wife, and taken before Squire McCarron. He asked to be heard on the charge this morning and the request was granted, but when the time came for the preliminary examination, he waived the hearing and was bound over to court in the sum of \$300.

DELEGATE CONVENTION FOR COUNTY NOMINATION

How the Idea Came to Be Adopted By the Republicans at Lisbon on Saturday.

THE NEW RULES ARE A RADICAL DEPARTURE

Few of the Republicans of Columbiana county realize the full import of the radical change made Saturday when the majority of the members of the County Republican Central committee adopted the delegate system of selecting candidates for county offices. It is doubtful if even the party leaders have given the matter sufficient thought to enable them to follow the plan all the way through.

It was apparent to those who opposed the delegate idea as soon as they arrived at the county seat that the men from the north end were determined to put the plan into execution at any cost. There was but one way to do this, and that course was pursued to the letter. To have the system adopted it was necessary to have sufficient votes on hand to pass the motion. They were there when they were needed, and the East Liverpool committeemen were powerless to prevent or southeast portion of the county, committee 147 were represented either in person or by proxy.

When it is known that the nine votes not on the ground were from the south or southeast portion of the county, and that every single member from the north and central districts had been visited, a proxy or promise exacted, it is not hard to figure how the supporters of the new plan were able to win out. It was not a victory over which there could be much jollifying either. The final vote stood 80 to 67, as was exclusively mentioned by the News Review on Saturday, and the side that was victorious were glad indeed to secure a simple majority.

The East Liverpool, Wellsville, Salineville and a few scattered delegations fought hard against the measure, and their opposition was so strenuous, logical and eloquent that many con-

verts were made to their way of thinking. Could it have been possible to delay action for a short time longer it is safe to say the coming primary would be conducted on the old plan.

Though every aspirant for the position of county auditor was present, and was putting in his best ticks, the interest was centered on the fight over the proposed new rules, and few if any votes were lined up until after the all absorbing question had been disposed of, which was late in the afternoon. As an indication that the above was true, more than half of the members of the committee left the hall immediately upon the conclusion of the roll call on the motion for the adoption of the new order of things.

Chairman McNutt appointed a committee consisting of J. Frank Adams, Lyman Van Fossen and Criss McConnell to confer with the candidates in order to determine upon a date for the holding of the spring primary. The matter was settled within a few minutes, and the committee's report showed they favored Friday, March 25, the entries to close Saturday, February 13. Upon the adoption of the report the meeting was adjourned.

The new rules provide for a method of selecting candidates which is so different in its operation that it would need to be in operation for some time before the electors would be thoroughly familiar with its workings. It is safe to predict there will be many mistakes recorded upon the occasion of the first trial of the system, and it would behoove every candidate as well as the committeemen themselves to employ every means in the effort to have the electors thoroughly posted on the details of the plan. Under the rules adopted there may be as many

WORD IS AWAITED FROM PITTSBURG

Manager of Union Pottery Uncertain as to the Proposed Resumption of Work.

Manager Joseph Manor, who has returned to the Union pottery here since the destruction by fire of the Chelsea plant at New Cumberland, of which he was to have taken charge, stated this afternoon that he was awaiting word from Pittsburg whether to start the Union or go ahead with the work of closing it down.

The Union is still in partial operation, all of the ware not having been passed through the kilns. If word comes to operate the plant work in full can be resumed with very little delay. Manager Manor expected to receive word from the Pittsburg officials tonight.

Just what the company intends to do to repair the loss occasioned by the Chelsea fire has not yet been determined. The people of New Cumberland, realizing that their town will be dealt a severe blow if the plant is not rebuilt, held a mass meeting Saturday night. It was determined to make every effort to have the plant restored and a committee was appointed to confer with the officials of the company.

Sale a Success.

The food sale given on Saturday by the Grand Army ladies was a decided success. All kinds of choice edibles were on sale and with a large patronage a good sum was realized. The sale was held in the room formerly occupied by Campbell's wall papering establishment on Washington street. This week a rummage sale will be conducted in the same store room by the W. R. C.

P. H. C. Meeting.

Stratton circle, Protected Home circle, will meet on Thursday of the week and install officers. The latter part of the evening will be spent in a social manner with a musical and literary program.

THE RICKETS BILL ON COUNTY SALARIES

Would Both Increase and Decrease Earnings of Officials in Columbiana.

Columbus, February 1.—(Special.)—The Ricketts' county salary bill, introduced in the senate, if made a law as it now stands, would both increase and decrease salaries of Columbiana county officials. Last year the compensation of the prosecuting attorney was a little more than \$3,000, which the Ricketts bill would raise to \$4,200. The probate judge drew \$2,300 during the year, which would be increased to \$3,800. The recorder, treasurer and auditor would sustain a small reduction. Following is what the Columbiana county officials would receive under the bill:

Probate Judge, \$3,800; county auditor, \$3,800; county commissioners, each, \$5 per day; treasurer, \$3,800; recorder, \$2,800; surveyor, \$2,800; clerk of the common pleas court, \$3,200; sheriff, \$3,900; prosecuting attorney, \$4,200; infirmity directors, each, \$3.25 per day, and coroner, \$600.

This is the compensation provided for counties of less than 70,000 and more than 50,000. The compensation allowed in Columbiana county is much less than that in many other counties of the same class. Clerk and deputy hire does not come out of the officials' salaries.

Old Fashioned Bean Bake.

Arrangements are being made by General Garfield camp, Sons of Veterans, for an old-fashioned bean bake to be given at Grand Army hall on the evening of February 9. A fine program of music and toasts will be a part of the entertainment. The guests will be the members of the Ladies of the Grand Army, the Woman's Relief Corps and General Lyon post, G. A. R.

FARMERS' INSTITUTE MOST SUCCESSFUL

The Gathering at Lisbon Concludes With Inspiring Addresses and Annual Election.

Lisbon, February 1.—(Special.)—The twelfth annual Central Farmers' Institute closed in the common pleas court room Saturday afternoon and was one of the most successful in the history of the organization. Not since the first institute was held here has there been two better state lecturers assigned to address the farmers than J. L. Doble and C. R. Wagner, who were the state speakers this year. The attendance was large at every session up to the adjournment Saturday afternoon, the court room being packed at each session after the opening Saturday morning.

The concluding sessions were characterized by addresses from several local speakers, Emmor Cope, of Butler township, speaking on "Farming as a Profession and Its Outlook," Mrs. D. E. Pidgeon on "Farm Poultry," R. M. Patterson on "The Farmer and His Relation to Society," and George W. Armstrong on "A Few Thoughts on Apple Growing." Other features of Saturday's session were recitations by Misses Bertha Yates and Lois Cope and a vocal solo by Miss Leah King.

The following officers were elected for the ensuing year: President, John Patterson, of Elkrun township; vice president, Seymour Pottarf, of Butler township; secretary, George W. Armstrong, of Center township; executive committee, Emmor Cope, of Butler township; John L. Crowl, of Center township; B. Y. Brown, of Wayne township; M. E. Cole, of Elkrun township; Lemuel Nold, of Salem.

DEPART FOR THE WEST TO LOOK AFTER MINES

Local Capitalists Interested in Lead Deposits Near Jefferson City, Mo.

George Ohlhausen, J. M. Shives and S. C. Williams left on Saturday evening for St. Louis, Mo., where they will meet some mine owners and capitalists who own extensive tracts of land near Jefferson City, which are underlaid with lead ore. The trio of local men have an option on 840 acres of this valuable land, and the object of their journey is to make a thorough investigation of their holdings before having it developed.

They were joined at Steubenville by several Pittsburg capitalists who are also interested in the land. It is thought by the projectors that they have made a rich strike and it is their intention to start the mining of the lead at once if everything is found to be as represented. They have been informed that the vein of lead is three feet thick and of the finest quality. The gentlemen will be gone at least 10 days.

BLOODY ASSAULT BY COLORED MAN

Charles Brock Accused of Terribly Beating His Wife and Child.

OFFICERS ARE AFTER HIM

Blood spurting from a deep gash in her head and her body badly bruised, Mrs. Charles Brock, colored, accompanied by her little six-year-old son, applied at the city hall last night shortly before midnight for protection. She claimed that her husband, after filling up on booze and cocaine, went to their boat and without explanation commenced beating both her and their child, finally picking them both up and hurling them violently to the beach. She was given quarters until this morning.

Mrs. Brock, though usually light-hearted, possessing that characteristic of her race, was much depressed at the jail this morning. She stated that her husband had given her up for a woman by the name of Katie and that he has been treating her shamefully of late. She averred that last night he used a club to beat her and that the ugly gash visible on her head was dealt with the coward's weapon. After being thrown out in the cold she lay on the ground for some time before she was able to arise and proceed to her hall. The mayor has heard of Brock's actions numerous times lately and he at once ordered the police to arrest him on sight.

Mrs. Brock has been living anything but an agreeable life during the past few weeks. She professes to have an innate desire, one that is uncontrollable, for intoxicants, and no one believes more strongly that "wine is a mocker, strong drink is raging." As a result of her propensities for the animating stuff she has spent considerable time behind bars and this morning she was about to repent of her unwise course.

The worst experience she has met through her degenerate proclivities occurred at Wellsville a few days ago when she became so beastly drunk that two officers placed her under arrest. She was wild and woolly, and because she kicked the shins of one of the officers and dumped the other one on his head she received some severe bumps and a fine of no small amount.

HELD FOR COURT

John M. C. Green, Accused of Non-Support, Placed Under \$300 Bail for a Hearing.

John M. C. Green, a jiggerman employed at the Thompson pottery, was arrested Saturday afternoon on a charge of non-support, preferred against him by his wife, and taken before Squire McCarron. He asked to be heard on the charge this morning and the request was granted, but when the time came for the preliminary examination, he waived the hearing and was bound over to court in the sum of \$300.

DELEGATE CONVENTION FOR COUNTY NOMINATION

How the Idea Came to Be Adopted By the Republicans at Lisbon on Saturday.

THE NEW RULES ARE A RADICAL DEPARTURE

Few of the Republicans of Columbiana county realize the full import of the radical change made Saturday when the majority of the members of the County Republican Central committee adopted the delegate system of selecting candidates for county offices. It is doubtful if even the party leaders have given the matter sufficient thought to enable them to follow the plan all the way through.

It was apparent to those who opposed the delegate idea as soon as they arrived at the county seat that the men from the north end were determined to put the plan into execution at any cost. There was but one way to do this, and that course was pursued to the letter. To have the system adopted it was necessary to have sufficient votes on hand to pass the motion. They were there when they were needed, and the East Liverpool committeemen were powerless to prevent or southeast portion of the county, committee 147 were represented either in person or by proxy.

When it is known that the nine votes not on the ground were from the south or southeast portion of the county, and that every single member from the north and central districts had been visited, a proxy or promise exacted, it is not hard to figure how the supporters of the new plan were able to win out. It was not a victory over which there could be much jollifying either. The final vote stood 80 to 67, as was exclusively mentioned by the News Review on Saturday, and the side that was victorious were glad indeed to secure a simple majority.

The East Liverpool, Wellsville, Salineville and a few scattered delegations fought hard against the measure, and their opposition was so strenuous, logical and eloquent that many con-

verts were made to their way of thinking. Could it have been possible to delay action for a short time longer it is safe to say the coming primary would be conducted on the old plan.

Though every aspirant for the position of county auditor was present, and was putting in his best ticks, the interest was centered on the fight over the proposed new rules, and few if any votes were lined up until after the all absorbing question had been disposed of, which was late in the afternoon. As an indication that the above was true, more than half of the members of the committee left the hall immediately upon the conclusion of the roll call on the motion for the adoption of the new order of things.

Chairman McNutt appointed a committee consisting of J. Frank Adams, Lyman Van Fossen and Criss McConnell to confer with the candidates in order to determine upon a date for the holding of the spring primary. The matter was settled within a few minutes, and the committee's report showed they favored Friday, March 25, the entries to close Saturday, February 13. Upon the adoption of the report the meeting was adjourned.

The new rules provide for a method of selecting candidates which is so different in its operation that it would need to be in operation for some time before the electors would be thoroughly familiar with its workings. It is safe to predict there will be many mistakes recorded upon the occasion of the first trial of the system, and it would behoove every candidate as well as the committeemen themselves to employ every means in the effort to have the electors thoroughly posted on the details of the plan. Under the rules adopted there may be as many

WORD IS AWAITED FROM PITTSBURG

Manager of Union Pottery Uncertain as to the Proposed Resumption of Work.

Manager Joseph Manor, who has returned to the Union pottery here since the destruction by fire of the Chelsea plant at New Cumberland, of which he was to have taken charge, stated this afternoon that he was awaiting word from Pittsburg whether to start the Union or go ahead with the work of closing it down.

The Union is still in partial operation, all of the ware not having been passed through the kilns. If word comes to operate the plant work in full can be resumed with very little delay. Manager Manor expected to receive word from the Pittsburg officials tonight.

Just what the company intends to do to repair the loss occasioned by the Chelsea fire has not yet been determined. The people of New Cumberland, realizing that their town will be dealt a severe blow if the plant is not rebuilt, held a mass meeting Saturday night. It was determined to make every effort to have the plant restored and a committee was appointed to confer with the officials of the company.

Sale a Success.

The food sale given on Saturday by the Grand Army ladies was a decided success. All kinds of choice edibles were on sale and with a large patronage a good sum was realized. The sale was held in the room formerly occupied by Campbell's wall papering establishment on Washington street. This week a rummage sale will be conducted in the same store room by the W. R. C.

THE RICKETS BILL ON COUNTY SALARIES

Would Both Increase and Decrease Earnings of Officials in Columbiana.

Columbus, February 1.—(Special.)—The Ricketts' county salary bill, introduced in the senate, if made a law as it now stands, would both increase and decrease salaries of Columbiana county officials. Last year the compensation of the prosecuting attorney was a little more than \$3,000, which the Ricketts bill would raise to \$4,200. The probate judge drew \$2,300 during the year, which would be increased to \$3,800. The recorder, treasurer and auditor would sustain a small reduction. Following is what the Columbiana county officials would receive under the bill:

Probate Judge, \$3,800; county auditor, \$3,800; county commissioners, each, \$5 per day; treasurer, \$3,800; recorder, \$2,800; surveyor, \$2,800; clerk of the common pleas court, \$2,200; sheriff, \$3,900; prosecuting attorney, \$4,200; infirmity directors, each, \$3.25 per day, and coroner, \$600.

This is the compensation provided for counties of less than 70,000 and more than 50,000. The compensation allowed in Columbiana county is much less than that in many other counties of the same class. Clerk and deputy hire does not come out of the officials' salaries.

Old Fashioned Bean Bake.

Arrangements are being made by General Garfield camp, Sons of Veterans, for an old-fashioned bean bake to be given at Grand Army hall on the evening of February 9. A fine program of music and toasts will be a part of the entertainment. The guests will be the members of the Ladies of the Grand Army, the Woman's Relief Corps and General Lyon post, G. A. R.

SOME NEW SETS.

Ice cream sets in green Venetian glass, with decorations of neat gold, are very showy table pieces that contrast handsomely with their contents. Festoons, caught up with bow knots circling the edges of the pieces in the mat gold, are the decorative motif. Quaint handles are on each side of the large dish and one side of the small ones.

For preserves of any kind now, but especially for strawberries in the spring time, a lovely dish of white crystal, with a cluster of scarlet strawberries and green leaves, would be suitable. Heavily burnished gold outlines the irregular edge.

The fad is to have individual salted almond dishes instead of one large one, and the latest offerings are many and varied. Often comparatively inexpensive, too, as quite an attractive set of six may be had for a dollar. These reasonably-priced ones are in the alluring blue and white Japanese, but they are to be had in a number of kinds—white and gold, green and gold, and so on up—whatever one wants or pays.

The purpling thistle seems especially appropriate among the newer decorations of the popular Wemyss ware. It is said that the decorating on this stuff is all done with the fingers, the brush not being used at all.

AWARDED MEDAL.

The Carnegie Brick & Pottery company, of Stockton, Cal., has been awarded a gold medal by the directors of the state fair, held in Sacramento, Cal., for the best fire and pressed brick manufactured in the state. This medal was secured in competition with all of the large pottery and pressed brick factories on the coast, including those located in San Francisco, Oakland and Alameda. The medal is of gold and bears the following inscription on one side: "Awarded by the California State Agricultural Society to the Carnegie Brick & Pottery Company for the Best Fire and Pressed Brick—1903." On the reverse side of the medal is the seal of the state. This company also secured the first premium, a blue ribbon, for the best sewer pipe exhibited.

THE KAISER'S GIFT.

As a tribute of friendship and esteem, Kaiser Wilhelm presented to Ambassador Andrew D. White a porcelain vase, the product of the famous Royal porcelain factory at Charlottenburg, near Berlin. It is a fine specimen of the beautiful ware which for several centuries has been utilized by European sovereigns in making gifts to the objects of their favor.

The ware is a beautiful creamy white in color, with ornamentation in gold. On one side in colors is the bust of Emperor William in the uniform of an

WINS A BIG DAMAGE SUIT.

Miss Lydia M. Hutchinson, an employee of one of the potteries in Sebring, brought suit for damages for breach of promise against Emerson Hall, a wealthy young farmer residing near that town. The case went to trial and on Saturday the jury found in favor of Miss Hutchinson and awarded her a verdict of \$4,500.

A BIG CATCH.

THE MEASURE OF THE SOUL

An Eloquent Sermon By Dr. Pratt at the First M. E. Church.

THE WELFARE OF THE SOUL

Was Made Paramount in the Teachings of Christ—The Expansion of the Christian Spirit And Christian Work—Local Pulpit Discourses.

Rev. Dr. Pratt preached one of his strongest sermons yesterday to the morning congregation at the First Methodist church, his subject being "The Measure of the Soul." Although the theme was deep and difficult the minister made it easily understandable and drew from it an appropriate lesson for the evangelistic services now in progress.

Christianity long ago proved man not a mere physical organism, but that he has a soul—a separate, distinct and dominating influence. The body is the servant of the spirit. That the hand may be obedient and subordinate does not mean that the soul is in accord. The hand may be obedient to God, while the soul wrangles with Him. The old philosophy of the indivisibility of man has been disproved and upset by the higher philosophy that the soul and body are separate and distinct.

Christ bothered not with rites and ceremonies and prescriptions for the welfare of the body. He wrote out nothing for the body, but carefully prescribed for the soul and showed that religion is a frank and utter surrender and obedience of the soul.

The body and soul are so closely related and inter-related that they act together. The acts of the body may help or hurt the soul.

One of the most interesting parts of the sermon was the minister's characterization of the parable of the prodigal son. The minister referred to it as the parable of the loving father, stating that the prodigal son is a misnomer. In it, he thinks, is the truest picture of God's love for man in fewer words than in any other lesson of the scriptures.

We turn to Christianity as a relief, said the minister. Christ's first appeal was upon the plane of self preservation. Men turned from the fear of eternity to the blessed promise of the life everlasting. This appeal to this instinct was but the birth moment of Christianity. It has not remained there, but marched triumphantly to nobler heights. Yet many who through the fear of eternity turned to Him have not advanced and are content to remain on the lowest ladder of Christianity. Others have risen from self preservation to self sacrifice, the plane which Jesus reached. The expansion of the Christian soul as higher heights are reached was shown in the extended sphere of missionary work, which starting in the family circle, includes the community and widens to the foreign fields.

Dr. Pratt, owing to his extra work at the revival meetings, was too much exhausted to preach last evening and the pulpit was supplied by Arthur Hill, who spoke with earnestness and conviction to the large congregation.

SPECIAL MEETING

At the First Baptist Church Are Interesting, Well Attended And Successful.

The special meetings at the First Baptist church are being well attended. Last night the pastor preached to a large house. His text was: "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

Much interest was manifested at both services yesterday. In the morning the pastor preached to the Christians to do better work for their Master and be ready to do a willing service. In the evening the sermon was to those who needed to be saved from their sins.

Tonight Rev. E. A. Reed, of Martin's Ferry, will be the speaker. The public is invited to any and all these services.

Power of the Holy Ghost.

Rev. Dr. David Jones at the First M. E. church last evening preached on "The Power of the Holy Ghost," telling of the power of the Holy Spirit. He said in part: "This is a world of men and women dead in sin. The power of the Holy Ghost opens the age of the blind so that the light and truth of the gospel may shine in on the soul; to let it see the good and the bad and

the redeemer of the world. His work is also to guide men and lead them to Christ. You can define to men the scheme of salvation, but they will never see or comprehend without the influence of power of the Holy Ghost."

The Voice of God.

Rev. Dr. J. C. Taggart at the First U. P. church last evening spoke on "Lessons From Recent Disasters," maintaining that God's providence could be seen in them all. Such disasters teach the uncertainty of life and are a call to repentance. In them we hear the voice of God.

A POPULAR MAN

Prof. J. L. McDonald, of Wellsville, a Strong Candidate for County Auditor.

Of the several candidates for county auditor on the Republican ticket, none has more warm personal friends throughout the county than Prof. J. L. McDonald, of Wellsville. Prof. McDonald has been a life-long Republican, has always been an active man in the party and until this time has never asked anything at its hands.

Prof. McDonald is particularly strong in his own community, where he is known as a good Republican, a public-spirited citizen and a gentleman in every sense of the word. He will be a hard man to beat, for he will go into the convention with nearly the solid support of the southeastern section of the county. He is a man whom the people could feel proud to honor with a public trust.

Charles E. Hamilton Has That Distinction, But He Has Long Been a Faithful Republican.

Charles E. Hamilton's announcement for the position of county auditor subject to the decision of the county convention, to be held at Lisbon March 26, will be found in this issue of the News Review. The gentleman is the youngest aspirant of the four candidates so far announced, but it must not be understood that he is new in the political game by any means.

The sentiment is steadily growing that the young man in politics is the backbone of the party in every progressive community. Mr. Hamilton possesses all of the qualifications necessary to fit him for the position to which he aspires, and he will certainly be a factor.

Admiral Evans Believes It Would Lessen Desertion in the Navy.

Washington, Feb. 1.—Rear Admiral Evans, commander of the Asiatic fleet, writes to the navy department that desertions in his command have been reduced to a minimum.

He says the worst drawback to discipline has been the excessive use of alcoholic drinks. He recommends the establishment of canteens where beer and light wines may be sold, to be taken with meals or when coaling ship.

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is the highest price ever paid for similar rights on any scientific discovery.

We are now spending \$500,000 to give the product away—one bottle to each of a million sick ones. We are doing this so that every sick one may let Ligozone itself prove what it can do.

Kills Inside Germs.

The greatest value of Ligozone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease, as every physician knows.

Ligozone will do for sick humanity more than all the drugs in the world combined. It does what no skill can accomplish without it. It cures diseases which medicine never cured.

Acts Like Oxygen.

Ligozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases

are made part of the liquid product.

The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Ligozone, which—like oxygen—is life to an animal, is deadly to vegetable matter. It is carried by the blood to every cell of every tissue, and no touch of impurity, no germ of disease, can exist where Ligozone goes.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

The purpling thistle seems especially appropriate among the newer decorations of the popular Wemyss ware. It is said that the decorating on this stuff is all done with the fingers, the brush not being used at all.

AWARDED MEDAL.

The Carnegie Brick & Pottery company, of Stockton, Cal., has been awarded a gold medal by the directors of the state fair, held in Sacramento, Cal., for the best fire and pressed brick manufactured in the state. This medal was secured in competition with all of the large pottery and pressed brick factories on the coast, including those located in San Francisco, Oakland and Alameda. The medal is of gold and bears the following inscription on one side: "Awarded by the California State Agricultural Society to the Carnegie Brick & Pottery Company for the Best Fire and Pressed Brick—1903." On the reverse side of the medal is the seal of the state. This company also secured the first premium, a blue ribbon, for the best sewer pipe exhibited.

THE KAISER'S GIFT.

As a tribute of friendship and esteem, Kaiser Wilhelm presented to Ambassador Andrew D. White a porcelain vase, the product of the famous Royal porcelain factory at Charlottenburg, near Berlin. It is a fine specimen of the beautiful ware which for several centuries has been utilized by European sovereigns in making gifts to the objects of their favor.

The vase is a beautiful creamy white in color, with ornamentation in gold. On one side in colors is the bust of Emperor William in the uniform of an

THE MEASURE OF THE SOUL

An Eloquent Sermon By Dr. Pratt at the First M. E. Church.

THE WELFARE OF THE SOUL

Was Made Paramount in the Teachings of Christ—The Expansion of the Christian Spirit And Christian Work—Local Pulpit Discourses.

Rev. Dr. Pratt preached one of his strongest sermons yesterday to the morning congregation at the First Methodist church, his subject being "The Measure of the Soul." Although the theme was deep and difficult the minister made it easily understandable and drew from it an appropriate lesson for the evangelistic services now in progress.

Christianity long ago proved man not a mere physical organism, but that he has a soul—a separate, distinct and dominating influence. The body is the servant of the spirit. That the hand may be obedient and subordinate does not mean that the soul is in accord. The hand may be obedient to God, while the soul wrangles with Him. The old philosophy of the indivisibility of man has been disproved and upset by the higher philosophy that the soul and body are separate and distinct.

Christ bothered not with rites and ceremonies and prescriptions for the welfare of the body. He wrote out nothing for the body, but carefully prescribed for the soul and showed that religion is a frank and utter surrender and obedience of the soul.

The body and soul are so closely related and inter-related that they act together. The acts of the body may help or hurt the soul.

One of the most interesting parts of the sermon was the minister's characterization of the parable of the prodigal son. The minister referred to it as the parable of the loving father, stating that the prodigal son is a misnomer. In it, he thinks, is the truest picture of God's love for man in fewer words than in any other lesson of the scriptures.

We turn to Christianity as a relief, said the minister. Christ's first appeal was upon the plane of self preservation. Men turned from the fear of eternity to the blessed promise of the life everlasting. This appeal to this instinct was but the birth moment of Christianity. It has not remained there, but marched triumphantly to nobler heights. Yet many who through the fear of eternity turned to Him have not advanced and are content to remain on the lowest ladder of Christianity. Others have risen from self preservation to self sacrifice, the plane which Jesus reached. The expansion of the Christian soul as higher heights are reached was shown in the extended sphere of missionary work, which starting in the family circle, includes the community and widens to the foreign fields.

Dr. Pratt, owing to his extra work at the revival meetings, was too much exhausted to preach last evening and the pulpit was supplied by Arthur Hill, who spoke with earnestness and conviction to the large congregation.

SPECIAL MEETING

At the First Baptist Church Are Interesting, Well Attended And Successful.

The special meetings at the First Baptist church are being well attended. Last night the pastor preached to a large house. His text was: "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life."

Much interest was manifest at both services yesterday. In the morning the pastor preached for the Christians to do better work for their Master and be ready to do a willing service. In the evening the sermon was to those who needed to be saved from their sins.

Tonight Rev. E. A. Reed, of Martin's Ferry, will be the speaker. The public is invited to any and all these services.

Power of the Holy Ghost.

Rev. Dr. David Jones at the First M. E. church last evening preached on "The Power of the Holy Ghost," telling of the power of the Holy Spirit. He said in part: "This is a world of men and women dead in sin. The power of the Holy Ghost opens the age of the blind so that the light and truth of the gospel may shine in on the soul; to let it see the good and the bad and

the redeemer of the world. His work is also to guide men and lead them to Christ. You can define to men the scheme of salvation, but they will never see or comprehend without the influence of power of the Holy Ghost."

The Voice of God.

Rev. Dr. J. C. Taggart at the First U. P. church last evening spoke on "Lessons From Recent Disasters," maintaining that God's providence could be seen in them all. Such disasters teach the uncertainty of life and are a call to repentance. In them we hear the voice of God.

A POPULAR MAN

Prof. J. L. McDonald, of Wellsville, a Strong Candidate for County Auditor.

Of the several candidates for county auditor on the Republican ticket, none has more warm personal friends throughout the county than Prof. J. L. McDonald, of Wellsville. Prof. McDonald has been a life-long Republican, has always been an active man in the party and until this time has never asked anything at its hands.

Prof. McDonald is particularly strong in his own community, where he is known as a good Republican, a public-spirited citizen and a gentleman in every sense of the word. He will be a hard man to beat, for he will go into the convention with nearly the solid support of the southeastern section of the county. He is a man whom the people could feel proud to honor with a public trust.

THE YOUNGEST CANDIDATE

Charles E. Hamilton Has That Distinction, But He Has Long Been a Faithful Republican.

Charles E. Hamilton's announcement for the position of county auditor subject to the decision of the county convention, to be held at Lisbon March 26, will be found in this issue of the News Review. The gentleman is the youngest aspirant of the four candidates so far announced, but it must not be understood that he is new in the political game by any means.

The sentiment is steadily growing that the young man in politics is the backbone of the party in every progressive community. Mr. Hamilton possesses all of the qualifications necessary to fit him for the position to which he aspires, and he will certainly be a factor.

CANTEEN RECOMMENDED.

Admiral Evans Believes It Would Lessen Desertion in the Navy.

Washington, Feb. 1.—Rear Admiral Evans, commander of the Asiatic fleet, writes to the navy department that desertions in his command have been reduced to a minimum.

He says the worst drawback to discipline has been the excessive use of alcoholic drinks. He recommends the establishment of canteens where beer and light wines may be sold, to be taken with meals or when coaling ship.

We Shall Spend \$500,000 To Give Ligozone Away.

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is the highest price ever paid for similar rights on any scientific discovery.

We are now spending \$500,000 to give the product away—one bottle to each of a million sick ones. We are doing this so that every sick one may let Ligozone itself prove what it can do.

Kills Inside Germs.

The greatest value of Ligozone lies in the fact that it kills germs in the body without killing the tissues, too. And no man knows another way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease, as every physician knows.

Ligozone will do for sick humanity more than all the drugs in the world combined. It does what no skill can accomplish without it. It cures diseases which medicine never cured.

Acts Like Oxygen.

Ligozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases

are made part of the liquid product. The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Ligozone, which—like oxygen—is life to an animal, is deadly to vegetable matter. It is carried by the blood to every cell of every tissue, and no touch of impurity, no germ of disease, can exist where Ligozone goes.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Dyspepsia, Bilemia—Erysipelas, Tuberculosis, Typhoid—Gall Stones, Tumors—Ulcers, Gonorrhea—Gleet, Varicocele, Women's Diseases

All diseases that begin with fever—all inflammations—all catarrhs—all contagious diseases—all the results of impure or poisonous blood.

In nervous debility Ligozone acts as a vitalizer, accomplishing what no drugs can do.

REALM OF SPORTS

THE MARINES

Have Reorganized and Will Play Ball With Skill and Vigor the Coming Season.

The Marine baseball club has reorganized with the following officers: President, Thomas Cartwright; treasurer, Urban Mayes; manager, Grant Myler; captain, John Shingler; directors, Cartwright, McBane, Wheeler, McNicol and Chadwick.

The players already signed are Thomas Cartwright and Thomas Watkins, catchers; John Shinkler, Joseph Andrews and Alfred Harrison, pitchers; Frank Rowe, short stop; Charles Chadwick, first base; George McNicol, second base; Lester McBane, left field; Urban Mayes, center field; Michael Wheeler, right field. The team is an exceptionally strong one and promises to cut an important figure among local nines during the coming season.

INTERESTING GAMES

Two Lively Contests at the Y. M. C. A. Gymnasium on Saturday Evening.

Basket ball between the Sterling and the Y. M. C. A. teams at the Y. M. C. A. gymnasium on Saturday evening resulted in a victory for the latter by the score of 34 to 22. The East Liverpool Juniors and the Big Five also played and the score was 45 to 27 in favor of the Juniors.

The games were very interesting. They were the second of a series in a contest for a cup offered by Physical Director State.

Will Remain a Pirate. Oom Paul Kruger, of the Pirates, is visiting in St. Louis. The genial Oom Paul says there is no chance for him to play with the Cardinals again, as rumor had it he would. "I will be utility man for the Pirates in all probability," he said. "I played good ball there, and I would prefer to stay. Still, you can't tell what may happen to you." Kruger's best work for Pittsburgh was done in the outfield when Clarke was laid up. He had little chance to show his infield form.

SPORTING MISCELLANY. Philadelphia Nationals claim Joe Beckley.

Jimmy Ryan will probably be Denver's manager.

The tip is out that Comiskey will give Jones, Davis and Flaherty to New York Americans in exchange for Williams, Chesbro and Tannehill.

William Robertson, the Coshocton pitcher, has been signed by Wheeling. He is 6 feet 2 inches high. Last season with Piqua he pitched 48 games and won 40.

Billy Lauder, of the New York Nationals, is interested in a spring water business that pays him well, and has not finally decided he will be in the game next season. The time for the feeling in the air has not arrived.

Carl Lundgren, the university of Illinois pitcher, will be given every chance to make good with the Chicago Cubs next summer. Lundgren was kept in the shade last season, Taylor, Welmer and Wicker doing most of the twirling.

A Timely Suggestion. This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

EAST END

STREET CAR DERAILED AT DRY RUN BRIDGE

Last Car Saturday Night Plunged Down An Embankment, Doing Considerable Damage.

Street car No. 14, of the East Liverpool line, jumped the track at the Dry Run trestle on the last trip Saturday night and plunging down the steep embankment, struck the house occupied by the Martin family. The car was west bound and in charge of Motorman Saltser and Conductor Poe.

The car, fortunately, was not running at a high rate of speed, a spreading rail probably causing the accident. Motorman Saltser did not attempt to leave the vestibule, although he could do nothing after the car left the rails. Neither he, Conductor Poe or the passengers were hurt.

The car was somewhat damaged and the Martin house suffered to some extent.

PETITION GRANTED

Street Car Company Has Restored the Stop at the Corner of Mulberry and Locust Streets.

The street car stop at the corner of Mulberry and Locust streets, abandoned about a month ago, has been restored, the sign, "Cars stop here" being replaced this morning by employees of the line. The stop at Marshall's residence has been abandoned.

A petition signed by 50 or more patrons of the line, asking that the first named stop be restored, probably secured this result.

Street Railway Men's Meeting.

Four applications were acted upon at a meeting of Local No. 52, A. A. S. R. E. of A., held in their hall in East End Saturday night. Several sick benefit claims were paid. It is announced that the new ritual was used for the first time Saturday night, when degree work was conferred upon several candidates. The work should have been put on Saturday night a week ago, but because of the flood the meeting was continued one week.

A Sad Message.

Joseph Weissend, of Needham avenue, received a messenger last night from Woodfield, announcing the death of a brother. Mr. Weissend left for that place this morning to attend the funeral services. The message stated that Mr. Weissend had been found dead in bed.

Benefit Dance Tonight.

The East End social club will give a dance tonight in Larkins' hall, the proceeds of which will go toward a benefit for young Carl Watters, who was shot in the leg by some companions who were trying to "goose-pasture" him.

McVey to Be Seated.

Pan American Court, Tribe of Ben Hur, will meet tonight and a large attendance of the members is expected. Will McVey, who was absent from the city at the time the other officers were installed, will be seated as chief.

EAST END AFFAIRS.

Mrs. George Wilson, of Calcutta road, is reported quite ill. Mrs. Thomas Hays, Jr., is reported to be quite ill with an attack of rheumatism.

Mrs. Maggie Calvin is the guest of her cousin, Mrs. M. W. Taylor, of Mulberry street.

Tomorrow is ground hog day and the East End citizens will carefully note the weather conditions.

Mr. and Mrs. Campbell Brown, of Railroad street, are able to be out after an illness of a week.

Mrs. Spierhess, of Ohioville, is visiting her parents, Mr. and Mrs. W. D. Irwin, of Pennsylvania avenue.

Harold Harrington, of Maple street, an employe of the slip house at the china works, is laid up with a severe cold.

Robert Larkins, the grocer, is confined to his home, corner Beaver and St. George streets, with a threatened attack of fever.

Conductor Frank Jackman, of the East End, whose illness from measles was reported Saturday, is in a very serious condition.

James Myler, now employed at the Cameron pottery, has been very sick for the past week and may return to East Liverpool to recuperate.

Mr. and Mrs. Oscar Weizell, of Pennsylvania avenue, will leave one day this week for Wheeling, where they will spend a couple of weeks with relatives.

Miss Nellie Moore, of Mulberry street, who was taken ill several days ago, has a well defined case of typhoid fever and is reported to be in a very serious condition.

Gus Brandenburg, one of the oldest motormen on the East Liverpool and Wellsville railway, is confined to his home with fever. His conductor,

Frank Jackman, is also off duty on account of an attack of measles.

Several children of Mr. and Mrs. Robert Maxwell, of First avenue, are reported ill and Mrs. Maxwell has been suffering with the grip. One child is suffering with typhoid fever.

Willis Orr has taken a position as clerk at Larkins' store, succeeding Robert Hutchinson, who goes to Peake's, in the West End. Mr. Orr is one of the East End's best liked young men.

NEW NONPAREIL CAFE

The Neining property on Mulberry street, East End, has been purchased by M. K. Carroll, one of the best known and most popular potters in this city, and will be devoted to the service of the people as a first-class cafe. Though Mr. Carroll has been in possession for some little time, the formal opening will not be held until Saturday night, January 30, when the people of the city will be served with delicious and toothsome roast beef, oysters and fine lunch. A cordial invitation is extended to all.

MALARIA

Germ Infected Air.

Malaria is not confined exclusively to the swamps and marshy regions of the country, but wherever there is bad air this insidious foe to health is found. Poisonous vapors and gases from sewers, and the musty air of damp cellars are laden with the germs of this miserable disease, which are breathed into the lungs and taken up by the blood and transmitted to every part of the body. Then you begin to feel out of sorts without ever suspecting the cause. No energy or appetite, dull headaches, sleepy and tired and completely fagged out from the slightest exertion, are some of the deplorable effects of this enfeebling malady. As the disease progresses and the blood becomes more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is left to ferment and the microbes and germs to multiply in the blood, Liver and Kidney troubles and other serious complications often arise. As Malaria begins and develops in the blood, the treatment to be effective must begin there too. S. S. S. destroys the germs and poisons and purifies the polluted blood, and under its tonic effect the debilitated constitution rapidly recuperates and the system is soon clear of all signs of this depressing disease.

S. S. S. is a guaranteed purely vegetable remedy, mild, pleasant and harmless. Write us if you want medical advice or any special information about your case. This will cost you nothing.

OUR GREAT PROFIT SHARING CONTEST

\$15,000
—IN—
500 CASH PRIZES

1st Prize, \$5,000. 2nd Prize, \$2,500. 3rd Prize, \$1,000.

7 Special Prizes of \$500.00 Each for Early Estimates.

Every subscriber to THE SATURDAY REVIEW (Weekly) will have an opportunity to share in these magnificent prizes if he wishes to participate in the Great World's Fair Contest in which these prizes are given. The subject matter of this great contest is the Total Paid Admissions during May, the first month of the Great St. Louis World's Fair. Without doubt, the World's Fair which will open at St. Louis on May 1st will be the largest fair ever held in the world, and ever man, woman and child should be interested in this great enterprise.

Conditions of This Great Contest.

Every subscriber who remits 50 cents, the regular subscription price for a 6 months' subscription to THE SATURDAY REVIEW, will receive four certificates which will secure for him any prize which his estimates entitle him to claim.

When you send in your subscription, also send your estimates of the total paid admissions at the World's Fair during May, the first month of the Fair. Write your name, address and estimate in the Subscription Blank below and mail it to the Contest Department, The East Liverpool Publishing Company, East Liverpool, O.

The contest will close at midnight, April 30th, 1904, and no estimate received after that hour will be allowed. The official record of the Secretary of the World's Fair showing the total paid attendance during May, the first month of the Fair, will determine who are entitled to the prizes, and the awards will be made by a disinterested committee of prominent judges during the first week in June. As this contest will close on April 30th, the day before the Fair opens, all will have an equal chance to win these prizes. Those who estimate or guess NOW will have a chance to win a Special Prize and just as good a chance to win the Capital Prize of \$5,000.00 as the one who guesses on the last day of the contest.

The money to pay the prizes is deposited in the Central Savings Bank, Detroit, Michigan, and can be used for any other purpose. In case of a tie, or that two or more estimators are equally correct, prizes will be divided equally between them.

HERE IS THE LIST OF PRIZES:

For the nearest correct estimate or guess	\$5,000.00
For the second nearest correct estimate or guess	2,500.00
For the third nearest correct estimate or guess	1,000.00
For the fourth nearest correct estimate or guess	500.00
For the fifth nearest correct estimate or guess	300.00
For the sixth nearest correct estimate or guess	200.00
For the seventh nearest correct estimate or guess	150.00
For the eighth nearest correct estimate or guess	100.00
For the ninth nearest correct estimate or guess	75.00
For the tenth nearest correct estimate or guess	50.00
For the next five nearest correct estimates or guesses	\$20.00 each
For the next five nearest correct estimates or guesses	\$10.00 each
For the next 28 nearest correct estimates or guesses	\$5.00 each
For the next 445 nearest correct estimates or guesses	\$3.00 each
493 prizes amounting to	\$11,500.00

In addition to the foregoing prizes the following

DR. FENNER'S

Kidney AND Backache Cure

All Diseases of the kidneys, bladder, and urinary organs. Also heart disease, rheumatism, backache, gravel, dropsy, female troubles.

ALSO PURIFIES THE BLOOD.

Cured of Backache.

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually get a stop to those racking backaches. Occasionally they returned when strenuous business affairs exhausted the physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

Respectfully,

Thor Wand

THE PRIMARY ELECTION.

A majority of the Republican county
central committee has decided in favor
of the delegate plan of holding primar-
ies and conventions. While the deci-
sion is unsatisfactory to a large num-
ber of Republicans of the county, par-
ticularly to East Liverpool and Wells-
ville, whose committeemen unani-
mously opposed it, the best of the
party thus expressed should be obeyed
without murmuring. The Republicans
of Columbiana county cannot afford to
foster or encourage factional or sec-
tional differences, nor are they likely
to do so. The experiment has been
decided upon and should be given a
fair trial. While the News Review is
confident that a better system could
be and ought to have been devised,
while the rules were being changed,
it sincerely hopes that only good will
follow the adoption of the new rules.
One fact that was made plain at the
committee meeting is most encourag-
ing.

There is a wholesome and hearty
sentiment among the Republicans of
the county in favor of a state law, as
recommended by Governor Herriek,
which shall govern the holding of
party primaries, compliance with
which shall be compulsory on every
party in every county of Ohio. The
energies of good Republicans every-
where should be bent toward securing
the passage of such a measure and its
rigid enforcement. No honest voter
can object to regulations whose fun-
damental principles are honesty and
fairness. The primary election, as an
expression of the popular will, is a
necessity in these days of party rule.
It should be conducted with the same
decorum and with the same solemn
observance of all forms of the law as
the general election. In Columbi-
ana county, as in many other counties
in the state, the Republicans at the
primaries virtually decide who shall

hold the offices. Such elections should
be removed from every taint or suspi-
cion of fraud and from every tempta-
tion to wrongdoing. A general rally
in favor of a state law that shall be
simple and definite in its provisions
and severe in its penalties for any
transgression is now in order, and Col-
umbiana county should work with
might and main to compass the de-
sired result.

A prominent St. Louis bachelor,
who argued strongly in favor of wo-
men exercising the 19th year privilege
whenever they feel like it, now com-
plains that he finds himself deluged
with offers of matrimony. Well, if not
prepared to face the consequences,
why did he talk so rashly?

Young Mr. Tiffany, of New York,
who finds that it costs him \$25,000 a
year to live—not counting in the drinks
—admits that he spends \$12,000 per
annum for clothes. Will the young
gentleman please inform a wondering
world how long a pair of trousers lasts
him?

New York women want the traction
companies to provide cars especially
for them, so that they may not be an-
noyed by mashers. But in that case
how could the late comer expect any-
body to get up and offer her a seat?

Each week it is announced that the
Ohio legislature is about to get down
to business. It is about time that the
members of the body were impressed
with the necessity and importance of
doing so.

Mayor Weaver is doing the public a
good service in seeing that public
buildings are equipped, as the law di-
rects, with every possible safeguard
against peril from fire.

Republican entries in the race for
county offices close February 13. That
will not be an unlucky day for the Re-
publicans, however, but for the other
fellows.

Patti has declined an offer of \$100,
000 to make a farewell tour of Aus-
tralia. She must have a decided pre-
ference for our kind of money.

February has begun as strenuously
as January did. It is not yet too late
for the worst weather of the year, and
we are quite likely to get it.

Less than two months to the spring
primaries, and candidates are begin-
ning to hustle.

OBITUARY

Kenneth Davidson.

Kenneth Davidson, father of D. A.
Davidson, died at his home in Wells-
ville last night, after a brief illness.
He was 72 years old and was a life-
long resident of Wellsville, where he
had been employed at the Pennsylva-
nia Railroad company's car shop since
before the war. Mr. Davidson served
during the civil war as a member of
the 177th O. V. I. He had been chap-
lain of Henry Cope Post, G. A. R., in
Wellsville for many years. A year
ago today he was placed on the re-
tired list of Pennsylvania employees
and was allowed a pension. Mr. David-
son is survived by his wife and three
adult children, Deputy Clerk of Courts
D. A. Davidson, Lisbon, D. W. David-
son and Mrs. Anna Morris, both of
Wellsville. The funeral will take
place from the home Wednesday af-
ternoon at 2 o'clock.

Mrs. F. W. Peters.

Mrs. F. W. Peters, aged 68 years,
died Saturday afternoon at the home
of her daughter, Mrs. C. L. Gray, of
Bradshaw avenue. Death was due to
pneumonia, with which she was taken
ill last Tuesday. The funeral services
were held this afternoon at 4 o'clock,
Rev. Dr. M. B. Pratt officiating. The
body will be taken to Willoughby to-
morrow morning and the interment
will be made in the family burying
ground there. Mrs. Peters formerly
lived at Willoughby, coming to this

Death of An Infant.

The one-year-old child of Mr. and
Mrs. Charles W. Parsons, of West Sec-
ond street, died Saturday evening, af-
ter an illness of three months. The
funeral services were held at the home
yesterday afternoon at 3:30 o'clock.
Rev. Dr. M. B. Pratt officiating. The
interment was made in Riverview ce-
metery.

Miss Julia Donaldson.

Lisbon, February 1.—(Special).—
Miss Julia Donaldson died Sunday
morning at her home at Gavers, at the
age of 81. Death was due to old age.
She made her home with a maiden sis-
ter, who is the only near relative.
Funeral services will be held at the
Lebanon Presbyterian church tomor-
row at 11 o'clock.

Luther Cotter.

Luther Cotter, aged 57 years, died
Friday at his home in Service, Beaver
county, Pa., from paralysis, he having
been an invalid for four years. He
was a miller by occupation and con-
ducted the Cotter mills at Service for
30 years. He was well known in East
Liverpool, having many friends and
relatives here.

Mrs. Jordan.

Mrs. Jordan, mother of Mrs. Wilcox,
residing on Front street, between
Eleventh and Twelfth streets, Wells-
ville, died Saturday evening of old age.
The funeral was held this afternoon
at 2 o'clock, burial being made at
Spring Hill cemetery. Rev. W. C.
Prewitt, of the Christian church, of-
ficiated.

Harry O. Howard.

Harry O. Howard, of Fairview, died
at his home there at 7 o'clock this
morning, after a long illness from tu-
berculosis. Until his illness, Mr. How-
ard was a potter and well known here,
being a member of Crocker City court,
Tribe of Ben Hur. The funeral ser-
vices will be held Wednesday, the bur-
ial being at New Cumberland.

CANDIDACY ANNOUNCED

F. F. Trimble, a Strong Business Man
of Salem, in the Auditor-
ship Race.

Perry township has a candidate for
county auditor in the person of Frank
F. Trimble, of Salem. Mr. Trimble
makes formal announcement today,
and with his friends will conduct an
aggressive but honorable campaign
for the office.

Mr. Trimble is a druggist in his home
town, has made a success of his own
affairs and his supporters believe this
fact will go a long way toward convinc-
ing the Republican voters of the coun-
ty that he will be the right man to
take charge of the county's best in-
terests as they apply to the position
of auditor. He will go out of his own
community with a solid delegation, and
will undoubtedly be a factor in the
fight when the convention is held.

An Early Riser.

A strong, healthy, active constitu-
tion depends largely on the condition
of the liver. The famous little pills
known as DeWitt's Little Early Ris-
ers not only cleanse the system, but they
strengthen the action of the liver and
rebuild the tissues supporting that or-
gan. Little Early Risers are easy to
take, they never gripe and yet they are
absolutely certain to produce results
that are satisfactory in all cases. Sold

THE PRIMARY ELECTION.

A majority of the Republican county central committee has decided in favor of the delegate plan of holding primaries and conventions. While the decision is unsatisfactory to a large number of Republicans of the county, particularly to East Liverpool and Wellsville, whose committeemen unanimously opposed it, the behest of the party thus expressed should be obeyed without murmuring. The Republicans of Columbiana county cannot afford to foster or encourage factional or sectional differences, nor are they likely to do so. The experiment has been decided upon and should be given a fair trial. While the News Review is confident that a better system could be and ought to have been devised, while the rules were being changed, it sincerely hopes that only good will follow the adoption of the new rules. One fact that was made plain at the committee meeting is most encouraging.

There is a wholesome and hearty sentiment among the Republicans of the county in favor of a state law, as recommended by Governor Herriek, which shall govern the holding of party primaries, compliance with which shall be compulsory on every party in every county of Ohio. The energies of good Republicans everywhere should be bent toward securing the passage of such a measure and its rigid enforcement. No honest voter can object to regulations whose fundamental principles are honesty and fairness. The primary election, as an expression of the popular will, is a necessity in these days of party rule. It should be conducted with the same decorum and with the same solemn observance of all forms of the law as the general election. In Columbiana county, as in many other counties in the state, the Republicans at the primaries virtually decide who shall

hold the offices. Such elections should be removed from every taint or suspicion of fraud and from every temptation to wrongdoing. A general rally in favor of a state law that shall be simple and definite in its provisions and severe in its penalties for any transgression is now in order, and Columbiana county should work with might and main to compass the desired result.

A prominent St. Louis bachelor, who argued strongly in favor of women exercising the franchise privilege whenever they feel like it, now complains that he finds himself deluged with offers of matrimony. Well, if not prepared to face the consequences, why did he talk so rashly?

Young Mr. Tiffany, of New York, who finds that it costs him \$25,000 a year to live—not counting in the drinks—admits that he spends \$12,000 per annum for clothes. Will the young gentleman please inform a wondering world how long a pair of trousers lasts him?

New York women want the traction companies to provide cars especially for them, so that they may not be annoyed by mashers. But in that case how could the late comers expect anybody to get up and offer her a seat?

Each week it is announced that the Ohio legislature is about to get down to business. It is about time that the members of the body were impressed with the necessity and importance of doing so.

Mayor Weaver is doing the public a good service in seeing that public buildings are equipped, as the law directs, with every possible safeguard against peril from fire.

Republican entries in the race for county offices close February 13. That will not be an unlucky day for the Republicans, however, but for the other fellows.

Patti has declined an offer of \$100,000 to make a farewell tour of Australia. She must have a decided preference for our kind of money.

February has begun as strenuously as January did. It is not yet too late for the worst weather of the year, and we are quite likely to get it.

Less than two months to the spring primaries, and candidates are beginning to hustle.

OBITUARY

Kenneth Davidson.

Kenneth Davidson, father of D. A. Davidson, died at his home in Wellsville last night, after a brief illness. He was 72 years old and was a lifelong resident of Wellsville, where he had been employed at the Pennsylvania Railroad company's car shop since before the war. Mr. Davidson served during the civil war as a member of the 177th O. V. I. He had been chaplain of Henry Cope Post, G. A. R., in Wellsville for many years. A year ago today he was placed on the retired list of Pennsylvania employees and was allowed a pension. Mr. Davidson is survived by his wife and three adult children, Deputy Clerk of Courts D. A. Davidson, Lisbon, D. W. Davidson and Mrs. Anna Morris, both of Wellsville. The funeral will take place from the home Wednesday afternoon at 2 o'clock.

Mrs. F. W. Peters.

Mrs. F. W. Peters, aged 68 years, died Saturday afternoon at the home of her daughter, Mrs. C. L. Gray, of Bradshaw avenue. Death was due to pneumonia, with which she was taken ill last Tuesday. The funeral services were held this afternoon at 4 o'clock, Rev. Dr. M. B. Pratt officiating. The body will be taken to Willoughby tomorrow morning and the interment will be made in the family burying ground there. Mrs. Peters formerly lived at Willoughby, coming to this

Can You Judge Drugs?

Can you tell by looking at a prescription whether or not it has been filled right?

Can you tell by tasting it?

You can't, can you?

You are at the mercy of your druggist entirely. For this reason you should select a drug store where quality and purity are watch-words; where accuracy is strictly observed in every detail. You will find these essentials here. Added to them you will find a courteous service, and prices that are as low as you might often pay elsewhere for inferior goods.

city ten years ago to make her home with Mr. and Mrs. Gray. She was a most estimable lady and had a host of friends here and at Willoughby.

Death of An Infant.

The one-year-old child of Mr. and Mrs. Charles W. Parsons, of West Second street, died Saturday evening, after an illness of three months. The funeral services were held at the home yesterday afternoon at 3:30 o'clock, Rev. Dr. M. B. Pratt officiating. The interment was made in Riverview cemetery.

Miss Julia Donaldson.

Lisbon, February 1.—(Special.)—Miss Julia Donaldson died Sunday morning at her home at Gavers, at the age of 81. Death was due to old age. She made her home with a maiden sister, who is the only near relative. Funeral services will be held at the Lebanon Presbyterian church tomorrow at 11 o'clock.

Luther Cotter.

Luther Cotter, aged 57 years, died Friday at his home in Service, Beaver county, Pa., from paralysis, he having been an invalid for four years. He was a miller by occupation and conducted the Cotter mills at Service for 30 years. He was well known in East Liverpool, having many friends and relatives here.

Mrs. Jordan.

Mrs. Jordan, mother of Mrs. Wilcox, residing on Front street, between Eleventh and Twelfth streets, Wellsville, died Saturday evening of old age. The funeral was held this afternoon at 2 o'clock, burial being made at Spring Hill cemetery. Rev. W. C. Prewitt, of the Christian church, officiated.

Harry O. Howard.

Harry O. Howard, of Fairview, died at his home there at 7 o'clock this morning, after a long illness from tuberculosis. Until his illness, Mr. Howard was a potter and well known here, being a member of Crocker City court, Tribe of Ben Hur. The funeral services will be held Wednesday, the burial being at New Cumberland.

CANDIDACY ANNOUNCED

F. F. Trimble, a Strong Business Man of Salem, in the Auditorship Race.

Perry township has a candidate for county auditor in the person of Frank F. Trimble, of Salem. Mr. Trimble makes formal announcement today, and with his friends will conduct an aggressive but honorable campaign for the office.

Mr. Trimble is a druggist in his home town, has made a success of his own affairs and his supporters believe this fact will go a long way toward convincing the Republican voters of the county that he will be the right man to take charge of the county's best interests as they apply to the position of auditor. He will go out of his own community with a solid delegation, and will undoubtedly be a factor in the fight when the convention is held.

WELLSVILLE AND VICINITY

SCALDED TO DEATH
IN A TUB OF WATER

Terrible Fate of an Infant Son of a C. & P. Railroad Conductor.

Falling into a tub of scalding water and being scalded to death was the fate of the three-year-old son of Conductor Frank Stewart, of the C. & P. railroad. The accident occurred at the home of Mr. Stewart at Bellaire Saturday.

Mr. Stewart has the opposite run of Conductor Valley Stevens, having charge of trains 309 and 306.

NO INSPECTOR

Has Yet Arrived in Wellsville to Arrange For the Free Delivery of Mail.

Although it was expected that a postal inspector would visit Wellsville during January for the purpose of making a final survey of the territory before authorizing the installing of a carrier system, none has appeared.

Some time ago Postmaster Snowden was advised that the inspector would visit Wellsville in January. It was then thought that free delivery service was not far distant for the city. Just now it appears that the improvement is as far off as it ever was.

No word has been received as to when any civil service examination will be held for carrier. No definite action will be taken on this matter until after the visit of the postal inspector.

FOR THE READING ROOM

Several Hundred Volumes to Be Added to the Railway Men's Library.

At a meeting of officials of the Cleveland & Pittsburgh railroad, which will be held at Cleveland this week, a new list of books to be placed in the Wellsville reading room will be made up and purchased.

The company allows \$150 annually for this purpose, and it is expected that several hundred books will be added to the library through this channel.

The books will treat on many scientific matters, and some others will be of fiction. The employees of the company have the right to make the selection of the books desired, and these are generally ordered by the company.

HEAVILY INSURED

Wellsville Agencies Had Policies to the Amount of \$50,000 on the Sheet Mill.

It is stated upon authority that insurance agents of Wellsville carried risks to the amount of \$55,000 on the plant of the Wellsville Sheet and Tin Plate company, the office of which was closed by fire Friday.

Insurance adjusters are expected here to adjust the loss on the building early this week, and it is possible that they will be in the city tomorrow.

Of the insurance carried on the plant, about \$5,000 was placed through the Arnold agency.

Mill clerks are occupying temporary quarters in other parts of the mill until repairs are commenced on the old office building.

POKER GAME STOPPED

Sixteen People, Some of Them Well Known, Arrested in a Saturday Night Raid.

Sixteen people were caught in a poker raid conducted by Chief of Police Houser and Patrolman Thornton at 11 o'clock Saturday night. Some of the most prominent young men of Wellsville were gathered in, all of whom gave assumed names.

The places of Joe Geisse, of Third street, and Harry De Temple, of Main

street, were placed under the ban. Nine players were caught in the raid in Geisse's, while seven were in the rooms at the De Temple home.

Both Geisse and De Temple put up security for the appearance of those arrested, but it is likely none of them will ever appear before Mayor Fogo.

The Church Is Growing.

During the past year 34 new members have been added to the roles of the First M. P. church under the pastorate of Rev. Mr. Toland. The largest congregations since he took charge were present both morning and evening yesterday. A reception to new members will be given in the church Wednesday evening, while next Saturday afternoon between 2 and 4 o'clock, a social will be given in the lecture room by the lady members. It is for the purpose of the ladies getting better acquainted. Refreshments will be served from 3 to 4 o'clock.

Board Takes the Map.

According to a statement made today by Mr. Bowers, of the board of public service, the new 13 foot map of the city will not be placed in the office of City Engineer Harry H. Leith, but will remain in the office of the board. It was the desire of Mr. Leith to have it, but the board has thought it best to keep the map for its own reference. Engineer Leith will now have to content himself with a small blue print map of the city, which has been in use by the city engineering department for several years, and is almost worn out.

Stolen Lock Not Replaced.

Contrary to expectations, no new lock has been placed on the door leading to the cellar at city hall by the board of public service. The lock which was stolen from the door one night last week remained on the door longer than any member of the board of service expected. One member did not expect the lock to remain on the door but one night. No attempt has been made to locate the person or persons who stole the lock, but it is only a matter of time before the city has to pay for which no return is noticeable.

Preached Against Dancing.

Dancing received quite a blow in Wellsville churches yesterday. At the First Evangelical church, Mrs. Charity Burdette spoke against the pleasure at the evening service, and severely scored those who take leading parts in all like affairs. At the First Presbyterian church, Rev. L. F. Lavery spoke against the unholy conditions that have been existing in Wellsville recently. He dwelt upon this theme both at the morning and evening service yesterday.

Firemen Given Instruction.

Members of the Wellsville volunteer fire department at a meeting Friday night were instructed in the art of charging the new chemical fire extinguishers. The work was in charge of Chief A. W. Phillips, chief engineer at the Wellsville plant of the American Sheet & Tin Plate company. It is the desire of the board of public safety and Mayor Fogo to have the department as efficient in this work as possible before they take charge of the new building.

Soon Ready For Service.

Two new chemical fire extinguishers and two neat brass lanterns were taken to the wagon shop of A. A. Bough Saturday afternoon to be placed on the new combination fire-patrol wagon. It is expected the wagon will be ready for commission this week. No horse has been purchased by the board of public safety for the new wagon, although this may be done this week. This completed, the wagon will then be ready for service.

Collection Raised.

Rev. Dr. Weekly, of the Home for Aged Ladies, of Yellow Springs, Greene county, O., preached at the First M. E. church yesterday morning. At the close of the service a voluntary contribution of \$30 was given for the benefit of the institution, which was damaged by fire some months ago.

Mayor's Office Renovated.

The work of improving and renovating the office of Mayor Fogo has been completed. New paper has been placed on the walls and all wood work repainted. The office now presents a neater appearance than it ever did before.

WELLSVILLE SHORT STORIES.
City Engineer H. H. Leith and wife spent the day in East Palestine.
Paul McFadden, of Steubenville, secretary of the Nicholson Sand and Stone company, was in Wellsville Saturday on business.

Conductor A. C. Morgan, of the freight car of the East Liverpool and Wellsville Street Railway company, has returned to work after a few weeks' illness.

"Divine Compassion" was the theme

We Can't Sell \$10 Gold Pieces for \$5

And we never tell you that we will—we think you have too much good common sense to believe that we or any other merchant can sell you goods at half price—in a legitimate way of course. We know there are some merchants who mark up their goods and can then afford to offer you almost any discount off, but offering big discounts or advertising big reductions don't always convince the people that the offers are legitimate.

Of course there are a few people you can fool that way, but the majority are too wise to be caught that easy. Some merchants pay for a big space in the newspaper and make Big Promises, then when the customers come to their store and find they don't get the Big Bargains promised them they complain and wonder why they don't do more business. We don't believe it pays any merchant to try to deceive the people and try to make them think you will give them more than you can afford.

We pay for our advertising and we don't make any unreasonable promises. We have been advertising for the past six weeks to give

25 per cent Discount on all Men's, Boys' and Children's Suits and Overcoats.

Since that time we have reduced the price on heavy Underwear, Shirts and in fact all winter goods and we have been doing the business because the people know that when we tell them something they can believe us. Our spring goods are commencing to arrive already and our sale will only last a few days more. Come and take advantage of it while it lasts. This means you.

SOUTH SIDE

A SPIRITED CONTEST

For Town Sergeant Is Yet to Be Decided—Important Meeting of Council.

The meeting of the Chester town council arranged for tonight promises to be extremely interesting, and there are likely to be a number of surprises in store for a few of the residents. The council will have a number of matters to take care of at the meeting in order to begin the work of the year in a proper manner.

While the details of the new idea suggested by Mayor J. S. D. Mercer to separate the offices of sergeant and policeman have been made clear to all, and have met with favor at the hands of both the council and the people, it still remains for the legislative body to put in the form of a law. This will be done tonight, and will include the duties of the two officials, together with their salaries and such other clauses as is necessary to be covered in an ordinance for the guidance of these men, whoever they may be.

To the present no one seems to be in possession of enough inside information to venture an opinion as to who will receive the offices, and it is just possible that the councilmen themselves are a little in doubt upon the question. There was a time when the matter was said to be cut and dried, but the contest in both instances has become so spirited that the facts are guessing themselves. From the most diligent inquiry made this afternoon, the News Review is able to state with a reasonable degree of certainty that the sergeant job will go to either H. P. Rose or Lawrence Baxter. Either of these men could fill the position in a satisfactory manner.

Until Saturday evening it was thought that George Winn, a popular street railway man, had the police job sewed up, but a hitch occurred when Dave Gregory announced his candidacy, and the outcome is now in doubt. Gregory is considered a strong man, and his coming out at the last minute may smash the whole arrangement.

AN EXPLANATION

From C. M. Johnson, of the Woodmen of America, Expected Soon to Be Forthcoming.

Word has been received by parties

in Chester to the effect that C. M. Johnson, who instituted a lodge of Woodmen of America here, was in that city and had no intention of defrauding the good people of Chester. It is true that the Chester lodge is now on the delinquent list with the headquarters at Rock Island, but from the information at hand it is certain that the matter can be satisfactorily explained.

While in Chester working up the lodge, Mr. Johnson made a large number of friends, and none of them believe he would intentionally wrong any of the persons who have paid their money into the order. Steps have been taken to have the tangle straightened out, and it is likely either Mr. Johnson or some other official of the order will pay a visit to Chester in the near future. It is held that there is no danger of anyone losing anything, since Johnson is still in the state and could be found and prosecuted in a hurry if the alleged victims were disposed to push the case. The laws of the state are sufficiently severe to make it extremely uncomfortable for the guilty party in case it could be proven that he was at fault. The friends of Johnson feel sure that an explanation can be made that will be in every way satisfactory to the Chester people, and that it will be forthcoming at the proper time.

CHESTER NOTES.

Mrs. J. B. King pleasantly entertained a party of friends at lunch Saturday night. Refreshments were served and an enjoyable time was had.

Lee Conant, who resides in the country south of town, was in Chester this morning.

The Chester lodge I. O. O. F. will meet with the East Liverpool lodge tonight and five candidates from Pride of Chester lodge will be initiated by the Crookery City team.

Judgment was rendered Saturday in the court of Justice W. C. Johnson in favor of Dr. C. H. Campbell against Frank Starkey. The verdict was for \$20.

Miss Ada McCutcheon, of Philadelphia, is the guest of her brother, O. T. McCutcheon, the drug man.

Joe Smith is ill at his home in the mill addition.

Archie Winkle is visiting relatives at Rochester.

AT THE THEATER

Wives who have lost their husbands' affections are advised to pay a visit to "The Beauty Doctor," who will be at the Grand next Thursday night and learn how to regain their faded charms.

HENRIETTA LEE.

The "beauty lecture" delivered by Henrietta Lee in Fred E. Wright's spectacular production of "The Beauty Doctor" is said to be one of the funniest monologues devised in years. Miss Lee has the character of the doctor of dermatology in this latest musical comedy hit.

The immortal Shakespeare says: "Life every man holds dear; but the brave man holds honor far more precious than life."

In no play ever written for the stage has this noble sentiment been more forcibly exemplified than in "Damon and Pythias," that wonderful story of true nobility and unswerving devotion. "Damon and Pythias" is one of the few great classic plays that appeals strongly to all classes of people for it is one of such deep human interest, told in simple, yet forcible language that goes straight to the heart. Magnificently staged and acted by a company of all-around excellence is F. R. Hallam's great revival of this famous play which will be seen at the Grand Wednesday evening.

WELLSVILLE AND VICINITY

SCALDED TO DEATH
IN A TUB OF WATER

Terrible Fate of an Infant Son of a C. & P. Railroad Conductor.

Falling into a tub of scalding water and being scalded to death was the fate of the three-year-old son of Conductor Frank Stewart, of the C. & P. railroad. The accident occurred at the home of Mr. Stewart at Bellaire Saturday.

Mr. Stewart has the opposite run of Conductor Valley Stevens, having charge of trains 309 and 306.

NO INSPECTOR

Has Yet Arrived in Wellsville to Arrange for the Free Delivery of Mail.

Although it was expected that a postal inspector would visit Wellsville during January for the purpose of making a final survey of the territory before authorizing the installing of a carrier system, none has appeared.

Some time ago Postmaster Snowden was advised that the inspector would visit Wellsville in January. It was then thought that free delivery service was not far distant for the city. Just now it appears that the improvement is as far off as it ever was.

No word has been received as to when any civil service examination will be held for carrier. No definite action will be taken on this matter until after the visit of the postal inspector.

FOR THE READING ROOM

Several Hundred Volumes to Be Added to the Railway Men's Library.

At a meeting of officials of the Cleveland & Pittsburgh railroad, which will be held at Cleveland this week, a new list of books to be placed in the Wellsville reading room will be made up and purchased.

The company allows \$150 annually for this purpose, and it is expected that several hundred books will be added to the library through this channel.

The books will treat on many scientific matters, and some others will be of fiction. The employees of the company have the right to make the selection of the books desired, and these are generally ordered by the company.

HEAVILY INSURED

Wellsville Agencies Had Policies to the Amount of \$50,000 on the Sheet Mill.

It is stated upon authority that insurance agents of Wellsville carried risks to the amount of \$55,000 on the plant of the Wellsville Sheet and Tin Plate company, the office of which was gutted by fire Friday.

Insurance adjusters are expected here to adjust the loss on the building early this week, and it is possible that they will be in the city tomorrow.

Of the insurance carried on the plant, about \$5,000 was placed through the Arnold agency.

Mill clerks are occupying temporary quarters in other parts of the mill until repairs are commenced on the old office building.

POKER GAME STOPPED

Sixteen People, Some of Them Well Known, Arrested in a Saturday Night Raid.

Sixteen people were caught in a poker raid conducted by Chief of Police Houser and Patrolman Thornton at 11 o'clock Saturday night. Some of the most prominent young men of Wellsville were gathered in, all of whom gave assumed names.

The places of Joe Geisse, of Third street, and Harry De Temple, of Main

street, were placed under the ban. Nine players were caught in the raid in Geisse's, while seven were in the rooms at the De Temple home.

Both Geisse and De Temple put up security for the appearance of those arrested, but it is likely none of them will ever appear before Mayor Fogo.

The Church Is Growing.

During the past year 34 new members have been added to the roles of the First M. P. church under the pastorate of Rev. Mr. Toland. The largest congregations since he took charge were present both morning and evening yesterday. A reception to new members will be given in the church Wednesday evening, while next Saturday afternoon between 2 and 4 o'clock, a social will be given in the lecture room by the lady members. It is for the purpose of the ladies getting better acquainted. Refreshments will be served from 3 to 4 o'clock.

Board Takes the Map.

According to a statement made today by Mr. Bowers, of the board of public service, the new 13 foot map of the city will not be placed in the office of City Engineer Harry H. Leith, but will remain in the office of the board. It was the desire of Mr. Leith to have it, but the board has thought it best to keep the map for its own reference. Engineer Leith will now have to content himself with a small blue print map of the city, which has been in use by the city engineering department for several years, and is almost worn out.

Stolen Lock Not Replaced.

Contrary to expectations, no new lock has been placed on the door leading to the cellar at city hall by the board of public service. The lock which was stolen from the door one night last week remained on the door longer than any member of the board of service expected. One member did not expect the lock to remain on the door but one night. No attempt has been made to locate the person or persons who stole the lock, but it is only another bill the city has to pay, for which no return is noticeable.

Preached Against Dancing.

Dancing received quite a blow in Wellsville churches yesterday. At the First Evangelical church, Mrs. Charity Burdette spoke against the pleasure at the evening service, and severely scored those who take leading parts in all like affairs. At the First Presbyterian church, Rev. L. F. Lavery spoke against the unholy conditions that have been existing in Wellsville recently. He dwelt upon this theme both at the morning and evening service yesterday.

Firemen Given Instruction.

Members of the Wellsville volunteer fire department at a meeting Friday night were instructed in the art of charging the new chemical fire extinguishers. The work was in charge of Chief A. W. Phillips, chief engineer at the Wellsville plant of the American Sheet & Tin Plate company. It is the desire of the board of public safety and Mayor Fogo to have the department as efficient in this work as possible before they take charge of the new building.

Soon Ready for Service.

Two new chemical fire extinguishers and two neat brass lanterns were taken to the wagon shop of A. A. Bough Saturday afternoon to be placed on the new combination fire-patrol wagon. It is expected the wagon will be ready for commission this week. No horse has been purchased by the board of public safety for the new wagon, although this may be done this week. This completed, the wagon will then be ready for service.

Collection Raised.

Rev. Dr. Weekly, of the Home for Aged Ladies, of Yellow Springs, Greene county, O., preached at the First M. E. church yesterday morning. At the close of the service a voluntary contribution of \$30 was given for the benefit of the institution, which was damaged by fire some months ago.

Mayor's Office Renovated.

The work of improving and renovating the office of Mayor Fogo has been completed. New paper has been placed on the walls and all wood work repainted. The office now presents a neater appearance than it ever did before.

WELLSVILLE SHORT STORIES.

City Engineer H. H. Leith and wife spent the day in East Palestine. Paul McFadden, of Steubenville, secretary of the Nicholson Sand and Stone company, was in Wellsville Saturday on business.

Conductor A. C. Morgan, of the freight car of the East Liverpool and Wellsville Street Railway company, has returned to work after a few weeks' illness.

"Divine Compassion" was the theme

We Can't Sell \$10 Gold Pieces for \$5

And we never tell you that we will—we think you have too much good common sense to believe that we or any other merchant can sell you goods at half price—in a legitimate way of course. We know there are some merchants who mark up their goods and can then afford to offer you almost any discount off, but offering big discounts or advertising big reductions don't always convince the people that the offers are legitimate.

Of course there are a few people you can fool that way, but the majority are too wise to be caught that easy. Some merchants pay for a big space in the newspaper and make Big Promises, then when the customers come to their store and find they don't get the Big Bargains promised them they complain and wonder why they don't do more business. We don't believe it pays any merchant to try to deceive the people and try to make them think you will give them more than you can afford.

We pay for our advertising and we don't make any unreasonable promises. We have been advertising for the past six weeks to give

25 per cent Discount on all Men's, Boys' and Children's Suits and Overcoats.

Since that time we have reduced the price on heavy Underwear, Shirts and in fact all winter goods and we have been doing the business because the people know that when we tell them something they can believe us. Our spring goods are commencing to arrive already and our sale will only last a few days more. Come and take advantage of it while it lasts. This means you.

SOUTH SIDE

A SPIRITED CONTEST

For Town Sergeant Is Yet to Be Decided—Important Meeting of Council.

The meeting of the Chester town council arranged for tonight promises to be extremely interesting, and there are likely to be a number of surprises in store for a few of the residents. The council will have a number of matters to take care of at the meeting in order to begin the work of the year in a proper manner.

While the details of the new idea suggested by Mayor J. S. D. Mercer to separate the offices of sergeant and policeman have been made clear to all, and have met with favor at the hands of both the council and the people, it still remains for the legislative body to put in the form of a law. This will be done tonight, and will include the duties of the two officials, together with their salaries and such other clauses as is necessary to be covered in an ordinance for the guidance of these men, whoever they may be.

To the present no one seems to be in possession of enough inside information to venture an opinion as to who will receive the offices, and it is just possible that the councilmen themselves are a little in doubt upon the question. There was a time when the matter was said to be cut and dried, but the contest in both instances has become so spirited that the dads are guessing themselves. From the most diligent inquiry made this afternoon, the News Review is able to state with a reasonable degree of certainty that the sergeant job will go to either H. P. Rose or Lawrence Baxter. Either of these men could fill the position in a satisfactory manner.

Until Saturday evening it was thought that George Winn, a popular street railway man, had the police job sewed up, but a hitch occurred when Dave Gregory announced his candidacy, and the outcome is now in doubt. Gregory is considered a strong man, and his coming out at the last minute may smash the whole arrangement.

AN EXPLANATION

From C. M. Johnson, of the Woodmen of America, Expected Soon to Be Forthcoming. Word has been received by parties

While in Chester working up the lodge, Mr. Johnson made a large number of friends, and none of them believe he would intentionally wrong any of the persons who have paid their money into the order. THE DELEGATE SYSTEM

Rules Adopted by the Republican County Central Committee to Govern the Coming Spring Primary Election.

1. Primary elections for the selection of delegates to a county convention to nominate candidates for county offices and to select delegates to district and state conventions; and for the selection of three (3) central committeemen for each election precinct shall be held on Friday, March 25, between the hours of 11:30 a. m. and 5:30 p. m. central standard time in the different election precincts in the county.
2. All prospective candidates at such convention shall file their names with, and pay an assessment of \$25 each to the secretary of the county Republican executive committee by the noon hour of Saturday, February 13.
3. Committeemen of each election precinct shall take charge of and deliver the poll books and tally sheets to the secretary of the county executive committee, who shall deliver them to the secretary of the county convention which shall be held in Lisbon, O., at 10 a. m. on the Saturday following the date of the primary.
4. The convention shall be called to order by the county chairman and shall at once proceed to the election of a president, vice president, secretary and assistant secretaries and the election of committee on credentials, rules and order of business, and resolutions.
5. A majority of all the delegates to the convention shall be necessary to nominate any candidate for county office or to select delegates to district and state conventions.
6. The county executive committee shall apportion the delegates to the different townships and precincts on the basis of one delegate for each fifty (50) votes or fraction over twenty-five (25) votes cast for the head of the Republican ticket at the preceding general election.
7. The required number of candidates for delegates receiving the highest number of votes in any precinct shall be the accredited delegates for such precinct, and shall receive their credentials from the chairman of the township central committee.
8. At least 10 days' notice of the primary elections shall be published in some Republican newspaper printed and of general circulation in said county stating the authority by which it is published, the purpose, time, manner, conditions and places of holding such elections, and prescribing the qualification of the persons entitled to vote at such election.
9. The ballot used at such election shall conform as nearly as possible to the "Australian ballot," except there shall be but one column. It shall contain the names of all the candidates; the names of the candidates for each office shall constitute a group with the name of the office printed over it; the names of all the candidates for delegates to the county convention shall constitute a group with "county delegates" and the number to be selected printed over it; there shall be a ruled line between the names of the candidates for each position. The ballot shall be prepared by the county central committee and transmitted with the poll books, tally sheets to the committeemen of each election precinct; the ballots for each election precinct shall be put up in pads securely fastened together.
10. At the hour appointed for the poll to open, the officers being present shall open the room in which the election is to be held, prepare the ballot box by placing it in a position in plain view of each voter, see that the box is securely locked and the booths in proper condition; they shall have charge of all matter connected with receiving and counting the votes; they shall deliver to each qualified elector who requests the same, one ballot; the voter shall forthwith, and without leaving the room, retire alone to one of the voting shelves and without undue delay unfold and mark his ballot; no elector shall be allowed to occupy a voting shelf already occupied by another, or to occupy a shelf for more than five minutes; all marks on the ballot must be made by black lead pencil; if any elector soil or deface a ballot so that it cannot be used, he may obtain another, providing he return the ballot soiled or defaced, which shall be immediately destroyed.
11. The elector shall observe the following rules in marking his ballot:
 - (a) Make an X mark to the left of and opposite the name of each and every candidate for whom he desires to vote, in the blank space provided therefor, or
 - (b) Draw a line through the name of each and every candidate for the same office, leaving unmarked the name of the candidate for whom he desires to vote.After marking his ballot, he shall carefully fold the same so as to conceal the marks thereon, but show the endorsement and fac simile signatures of the proper officers, and keep the same so folded until he has delivered the ballot to the election judge. The election officer receiving the ballot shall deposit the same unopened in the ballot box, and call out the name of the elector delivering the same; the clerk shall immediately enter the name upon the poll book.
12. No elector shall be allowed to take any ballots from the voting room; no ballot without the official endorsement shall be allowed to be deposited in the ballot box, and none but ballots provided in accordance with these rules shall be counted. No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.
13. After the closing of the polls the ballot box shall be opened and the ballots therein shall be taken out one at a time by the judge, who shall read aloud distinctly while the ticket remains in his hands, the name or names voted for thereon. After the names on each ticket are announced and tallied, he shall pass the same to the other judge, who will examine and preserve it. The clerk shall enter in separate columns by tallies under or opposite the names of the persons voted for, as provided for in the form of tally sheets, all the votes thus read by the judge. After the examination of the ballots is completed the number of votes for each person shall be enumerated under the inspection of judges and inspectors and set down as provided in the form of tally sheets. When the result of the ballot is ascertained it shall be immediately announced by the judges in front of the polling place. When these requirements are complied with, the judges shall in the presence of the inspectors destroy by burning the ballots so read and counted, and also any ballots remaining in the box in excess of the number of names on the poll books. All ballots disputed and uncounted shall be sealed and enclosed in a separate envelope suitably endorsed and transmitted with the poll books and tally sheets to the chairman of the county executive committee for official ruling.
14. The election officials shall certify the result in their precinct and promptly seal and send said certificate to the secretary of the committee calling the primary, and shall forthwith deliver a copy of the certificate of the result in their precinct to the chairman of the township central committee, who shall immediately issue credentials to the delegates elected.
15. No person shall act as judge or clerk whose name appears on the ticket as a candidate for any office except central committee.
16. No judge or clerk shall directly or indirectly do anything to influence any voter while in or about the polling place, and such officer shall, before entering upon the discharge of his duties, subscribe to an oath to honestly and faithfully discharge his duties; and shall further make oath that he has not received or does not expect to receive any pay from any candidate.
17. All tickets shall be furnished by the committee calling the primary and there shall be but one official ballot at any primary.
18. No person shall be permitted to remain in the polling place during the receiving and counting of the votes, except the election officials and one duly accredited inspector for each candidate or delegate.
19. At the time for opening the polls, if any vacancy exists, it shall be promptly filled by the qualified Republican voters present.
20. In each precinct the central committee shall call a caucus of Republican voters, to be held between the hours of 7 and 8 o'clock p. m., central standard time, on the Saturday three weeks prior to the time of the county primary, to select three precinct central committeemen.
21. The precinct central committeemen shall advertise said caucus by publication or by posting at least five (5) notices in different conspicuous places, stating the place of holding the caucus, and that only Republican electors of each precinct can participate. The precinct central committeemen shall promptly certify the names of the three persons to the secretary of the county central committee and such names shall appear on the official ballot for such precinct, and three blank spaces shall be provided on the ballot to allow voters the privilege of voting for others.
22. When no names are certified to the secretary within five days after said caucus date, the space for central committeemen shall be blank for such precinct.
23. There shall be three central committeemen elected in each precinct at the county primary each year. The committeemen so elected in all the precincts of the county shall constitute the county central committee. The central committee of each township shall organize by the election of a chairman, secretary and treasurer.
24. The county central committee shall meet in Lisbon on the Saturday following the county primary to organize by the selection of a chairman, secretary and treasurer and executive committee and to fix the time for holding the county primary for the next year, and adopt rules for its conduct.
25. Any central committeemen may be removed on proof to the satisfaction of the county executive committee of gross misconduct in office or disloyalty to the party or its nominees, and the vacancy occasioned by his removal shall be filled by appointment by the county executive committee.
26. Persons who are legal residents of the township and precinct, or who are now residing in the precinct and will be qualified electors at the election for which the primary is held, and who are at present and have hitherto been identified with the Republican party, shall be held to be qualified electors.
27. Any qualified elector shall have the privilege of challenging persons offering to vote at the primary election, and if the judges are not satisfied of the right of the person to vote, they shall administer to him an oath to truly answer any questions put to him touching his right to vote at such election, and if the answers are not satisfactory or he refuses to be sworn, his vote shall be rejected; otherwise it shall be accepted, and the clerk shall enter opposite his name in the poll book the word "sworn." Judges shall not give a ballot to persons who they know are not qualified electors.
28. No person shall loiter or solicit votes within 75 feet of the polling place.
29. The central committee for each precinct shall provide the room, booths and ballot boxes for each polling place in their respective precincts. All other supplies for county primaries shall be provided by the county central committee.
30. These rules shall govern all Republican primaries in the county so far as applicable.
31. Amendments to these rules must be presented in writing signed by two or more members of the county central committee, and can only be adopted by a majority vote at a regularly called meeting of such committee.

DELEGATE CONVENTION FOR COUNTY NOMINATIONS

Continued from First Page.

candidates for delegate as there are Republican voters in the precinct, and they will be instructed as far as their support of any one candidate is concerned.

The number of delegates to which the precinct is entitled will be declared the highest vote will be declared the accredited representatives from that particular precinct. It was this year clause which created more dissatisfaction than any other one feature of the new system. In order to have strength in the convention the candidate must come right down into the precinct and see that delegates favorable to him are chosen. In this way there will undoubtedly be as many sets of delegates on the ticket as there are candidates for the nomination in the field.

"To make the argument plain," said one of the opponents to the new idea, "the present fight for auditor can be taken as an example. There are four candidates in the field, and in the event that a certain precinct was entitled to three delegates each of the four candidates would naturally have to line up three men favorable to him. This would make 12 candidates for delegate, and his work would have just begun. The most difficult task yet remains to be accomplished, viz: Getting his delegates elected. This is where the News Review's main objection to the idea comes in, as I understand from its policy in the past. Your paper has always contended that it should not be necessary for an ambitious party man to spend a small fortune in order to obtain the nomination for office on the party ticket.

"It has been pointed out in your columns many times that a poor man could not aspire to any office, because of the ever present ward heeler and persistent grafter. The new plan does not provide against these evils; it rather gives the bolder more latitude than under the former system. In order to have his delegates elected the candidate must have his ward or poll workers, and it is safe to say they will be out. This item disposed of, he must move on to the delegate, who, if he is susceptible to that sort of electioneering, will have a price which will be far in excess of the common, ordinary ward heeler. These are matters spoken of because they are known to have kept many a good man from securing a position which he may have earned many times over, and not because it is a pleasure to air them."

The members of the committee made one important change in the rules before they were finally passed on Saturday, and it will undoubtedly meet with the approval of all. The districts in which Columbiana is included with others for the selection of circuit and common pleas judges, congressmen and senator are all differently constructed. Had the rules been adopted in their original form, there would have been a chance for the home candidate being shut out of his own county provided there was one more delegate for some other candidate than the home man could muster.

Under the old plan, and the one which will remain in effect, the name of the candidates for a district office are printed on the ballot; the electors of each township or precinct vote their preference, and the candidate receiving the highest number of votes in that township names the delegates, who are

of course instructed for him. A large number of the men who voted against the adoption of the plan as presented by Mr. Chamberlin's committee would have supported it had the system as above outlined, been proposed.

However, the majority seemed to desire a change, and East Liverpool and the southern section of the county will acquiesce as gracefully as possible, it is understood. The plan is an experiment, and there can be no lasting harm in trying it. At the same time there is not a party man in Columbiana county who is not anxious to see and would heartily welcome a system of holding primary elections created by the legislature, along the lines suggested by Governor Herrick. It is said the chances for such a law being enacted at the present session of the legislature are very good, and in case it is, the rules adopted Saturday will be in effect only until the new law can be made operative.

Before the convention adjourned, R. N. Chamberlin, of East Palestine, introduced his resolution endorsing the recommendation of Governor Herrick that a law be enacted to govern primary elections and urging the representatives of the counties and districts to support it. The resolution was passed unanimously.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, it has become incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. THE DELEGATE SYSTEM

Rules Adopted by the Republican County Central Committee to Govern the Coming Spring Primary Election.

1. Primary elections for the selection of delegates to a county convention to nominate candidates for county offices and to select delegates to district and state conventions; and for the selection of three (3) central committeemen for each election precinct shall be held on Friday, March 25, between the hours of 11:30 a. m. and 5:30 p. m. central standard time in the different election precincts in the county.
2. All prospective candidates at such convention shall file their names with, and pay an assessment of \$25 each to the secretary of the county Republican executive committee by the noon hour of Saturday, February 13.
3. Committeemen of each election precinct shall take charge of and deliver the poll books and tally sheets to the secretary of the county executive committee, who shall deliver them to the secretary of the county convention which shall be held in Lisbon, O., at 10 a. m. on the Saturday following the date of the primary.
4. The convention shall be called to order by the county chairman and shall at once proceed to the election of a president, vice president, secretary and assistant secretaries and the election of committee on credentials, rules and order of business, and resolutions.
5. A majority of all the delegates to the convention shall be necessary to nominate any candidate for county office or to select delegates to district and state conventions.
6. The county executive committee shall apportion the delegates to the different townships and precincts on the basis of one delegate for each fifty (50) votes or fraction over twenty-five (25) votes cast for the head of the Republican ticket at the preceding general election.
7. The required number of candidates for delegates receiving the highest number of votes in any precinct shall be the accredited delegates for such precinct, and shall receive their credentials from the chairman of the township central committee.
8. At least 10 days' notice of the primary elections shall be published in some Republican newspaper printed and of general circulation in said county stating the authority by which it is published, the purpose, time, manner, conditions and places of holding such elections, and prescribing the qualification of the persons entitled to vote at such election.
9. The ballot used at such election shall conform as nearly as possible to the "Australian ballot," except there shall be but one column. It shall contain the names of all the candidates; the names of the candidates for each office shall constitute a group with the name of the office printed over it; the names of all the candidates for delegates to the county convention shall constitute a group with "county delegates" and the number to be selected printed over it; there shall be a ruled line between the names of the candidates for each position. The ballot shall be prepared by the county central committee and transmitted with the poll books, tally sheets to the committeemen of each election precincts; the ballots for each election precinct shall be put up in pads securely fastened together.
10. At the hour appointed for the poll to open, the officers being present shall open the room in which the election is to be held, prepare the ballot box by placing it in a position in plain view of each voter, see that the box is securely locked and the booths in proper condition; they shall have charge of all matter connected with receiving and counting the votes; they shall deliver to each qualified elector who requests the same, one ballot; the voter shall forthwith, and without leaving the room, retire alone to one of the voting shelves and without undue delay unfold and mark his ballot; no elector shall be allowed to occupy a voting shelf already occupied by another, or to occupy a shelf for more than five minutes; all marks on the ballot must be made by black lead pencil; if any elector soil or deface a ballot so that it cannot be used, he may obtain another, providing he return the ballot soiled or defaced, which shall be immediately destroyed.
- The elector shall observe the following rules in marking his ballot:
 - (a) Make an X mark to the left of and opposite the name of each and every candidate for whom he desires to vote, in the blank space provided therefor, or
 - (b) Draw a line through the name of each and every candidate for the same office, leaving unmarked the name of the candidate for whom he desires to vote.After marking his ballot, he shall carefully fold the same so as to conceal the marks thereon, but show the endorsement and fac simile signatures of the proper officers, and keep the same so folded until he has delivered the ballot to the election judge. The election officer receiving the ballot shall deposit the same unopened in the ballot box, and call out the name of the elector delivering the same; the clerk shall immediately enter the name upon the poll book.
- No elector shall be allowed to take any ballots from the voting room; no ballot without the official endorsement shall be allowed to be deposited in the ballot box, and none but ballots provided in accordance with these rules shall be counted. No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.
11. After the closing of the polls the ballot box shall be opened and the ballots therein shall be taken out one at a time by the judge, who shall read aloud distinctly while the ticket remains in his hands, the name or names voted for thereon. After the names on each ticket are announced and tallied, he shall pass the same to the other judge, who will examine and preserve it. The clerk shall enter in separate columns by tallies under or opposite the names of the persons voted for, as provided for in the form of tally sheets, all the votes thus read by the judge. After the examination of the ballots is completed the number of votes for each person shall be enumerated under the inspection of judges and inspectors and set down as provided in the form of tally sheets. When the result of the ballot is ascertained it shall be immediately announced by the judges in front of the polling place. When these requirements are complied with, the judges shall in the presence of the inspectors destroy by burning the ballots so read and counted, and also any ballots remaining in the box in excess of the number of names on the poll books. All ballots disputed and uncounted shall be sealed and enclosed in a separate envelope suitably endorsed and transmitted with the poll books and tally sheets to the chairman of the county executive committee for official ruling.
12. The election officials shall certify the result in their precinct and promptly seal and send said certificate to the secretary of the committee calling the primary, and shall forthwith deliver a copy of the certificate of the result in their precinct to the chairman of the township central committee, who shall immediately issue credentials to the delegates elected.
13. No person shall act as judge or clerk whose name appears on the ticket as a candidate for any office except central committee.
14. No judge or clerk shall directly or indirectly do anything to influence any voter while in or about the polling place, and such officer shall, before entering upon the discharge of his duties, subscribe to an oath to honestly and faithfully discharge his duties; and shall further make oath that he has not received or does not expect to receive any pay from any candidate.
15. All tickets shall be furnished by the committee calling the primary and there shall be but one official ballot at any primary.
16. No person shall be permitted to remain in the polling place during the receiving and counting of the votes, except the election officials and one duly accredited inspector for each candidate or delegate.
17. At the time for opening the polls, if any vacancy exists, it shall be promptly filled by the qualified Republican voters present.
18. In each precinct the central committee shall call a caucus of Republican voters, to be held between the hours of 7 and 8 o'clock p. m., central standard time, on the Saturday three weeks prior to the time of the county primary, to select three precinct central committeemen.
- The precinct central committeemen shall advertise said caucus by publication or by posting at least five (5) notices in different conspicuous places, stating the place of holding the caucus, and that only Republican electors of each precinct can participate. The precinct central committeemen shall promptly certify the names of the three persons to the secretary of the county central committee and such names shall appear on the official ballot for such precinct, and three blank spaces shall be provided on the ballot to allow voters the privilege of voting for others.
- When no names are certified to the secretary within five days after said caucus date, the space for central committeemen shall be blank for such precinct.
19. There shall be three central committeemen elected in each precinct at the county primary each year. The committeemen so elected in all the precincts of the county shall constitute the county central committee. The central committee of each township shall organize by the election of a chairman, secretary and treasurer.
- The county central committee shall meet in Lisbon on the Saturday following the county primary to organize by the selection of a chairman, secretary and treasurer and executive committee and to fix the time for holding the county primary for the next year, and adopt rules for its conduct.
20. Any central committeemen may be removed on proof to the satisfaction of the county executive committee of gross misconduct in office or disloyalty to the party or its nominees, and the vacancy occasioned by his removal shall be filled by appointment by the county executive committee.
21. Persons who are legal residents of the township and precinct, or who are now residing in the precinct and will be qualified electors at the election for which the primary is held, and who are at present and have hitherto been identified with the Republican party, shall be held to be qualified electors.
22. Any qualified elector shall have the privilege of challenging persons offering to vote at the primary election, and if the judges are not satisfied of the right of the person to vote, they shall administer to him an oath to truly answer any questions put to him touching his right to vote at such election, and if the answers are not satisfactory or he refuses to be sworn, his vote shall be rejected; otherwise it shall be accepted, and the clerk shall enter opposite his name in the poll book the word "sworn." Judges shall not give a ballot to persons who they know are not qualified electors.
23. No person shall loiter or solicit votes within 75 feet of the polling place.
24. The central committee for each precinct shall provide the room, booths and ballot boxes for each polling place in their respective precincts. All other supplies for county primaries shall be provided by the county central committee.
25. These rules shall govern all Republican primaries in the county so far as applicable.
26. Amendments to these rules must be presented in writing signed by two or more members of the county central committee, and can only be adopted by a majority vote at a regularly called meeting of such committee.

DELEGATE CONVENTION FOR COUNTY NOMINATIONS

Continued from First Page.

candidates for delegate as there are Republican voters in the precinct, and they will be instructed as far as their support of any one candidate is concerned.

The number of delegates to which the precinct is entitled who receive the highest vote will be declared the accredited representatives from that particular precinct. It was this very clause which created more dissatisfaction than any other one feature of the new system. In order to have strength in the convention the candidate must come right down into the precinct and see that delegates favorable to him are chosen. In this wise there will undoubtedly be as many sets of delegates on the ticket as there are candidates for the nomination in the field.

"To make the argument plain," said one of the opponents to the new idea, "the present fight for auditor can be taken as an example. There are four candidates in the field, and in the event that a certain precinct was entitled to three delegates each of the four candidates would naturally have to line up three men favorable to him. This would make 12 candidates for delegate, and his work would have just begun. The most difficult task yet remains to be accomplished, viz: Getting his delegates elected. This is where the News Review's main objection to the idea comes in, as I understand from its policy in the past. Your paper has always contended that it should not be necessary for an ambitious party man to spend a small fortune in order to obtain the nomination for office on the party ticket.

"It has been pointed out in your columns many times that a poor man could not aspire to any office, because of the ever present ward heeler and persistent grafter. The new plan does not provide against these evils; it rather gives the bolder more latitude than under the former system. In order to have his delegates elected the candidate must have his ward or poll workers, and it is safe to say they will be out. This item disposed of, he must move on to the delegate, who, if he is susceptible to that sort of electioneering, will have a price which will be far in excess of the common, ordinary ward heeler. These are matters spoken of because they are known to have kept many a good man from securing a position which he may have earned many times over, and not because it is a pleasure to air them."

The members of the committee made an important change in the rules before they were finally passed on Saturday, and it will undoubtedly meet with the approval of all. The districts in which Columbiana is included, with others for the selection of circuit and common pleas judges, congressmen and senator are all differently constructed. Had the rules been adopted in their original form, there would have been a chance for the home candidate being shut out of his own county provided there was one more delegate for some other candidate than the home man could muster.

Under the old plan, and the one which will remain in effect, the name of the candidates for a district office are printed on the ballot; the electors of each township or precinct vote their preference, and the candidate receiving the highest number of votes in that township names the delegates, who are

of course instructed for him. A large number of the men who voted against the adoption of the plan as presented by Mr. Chamberlin's committee would have supported it had the system as above outlined, been proposed.

However, the majority seemed to desire a change, and East Liverpool and the southern section of the county will acquiesce as gracefully as possible, it is understood. The plan is an experiment, and there can be no lasting harm in trying it. At the same time there is not a party man in Columbiana county who is not anxious to see and would heartily welcome a system of holding primary elections created by the legislature, along the lines suggested by Governor Herrick. It is said the chances for such a law being enacted at the present session of the legislature are very good, and in case it is, the rules adopted Saturday will be in effect only until the new law can be made operative.

Before the convention adjourned, R. N. Chamberlin, of East Palestine, introduced his resolution endorsing the recommendation of Governor Herrick that a law be enacted to govern primary elections and urging the representatives of the counties and districts to support it. The resolution was passed unanimously.

MINERS ARE HEROES

Last Tributes Paid to Victims of Mine Disaster at Harwick.
153 BODIES HAVE BEEN FOUND
Two Corpses Preserved by Natural Shroud of Ice Taken Out and Identified—Attorney of Allegheny Coal Company Speaks at Services.

Cheswick, Pa., Feb. 1.—Since the explosion in the Harwick mine 153 bodies have been removed. The company now places the dead at from 150 to 170. A check was not kept on every man who entered the shaft.

The official list is:
Bodies recovered 152
Bodies interred 146
Bodies at morgue 6
Unidentified 4
Unidentified buried 37
Bodies still in mine 4 to 15

Until the old cage, which was damaged by the explosion at Harwick mine, is repaired, or a new one made, the remaining bodies and the carcasses of mine mules cannot be brought out.

The entries and rooms are now said to be warm. There is much gas and water. It is feared that if work is not resumed at once the entombed bodies will be unrecognizable.

Although there was a partial suspension of all duties, there were a number of private funerals and the scene of the disaster was visited by over 5,000 sightseers. The noon train from Pittsburgh carried 500 people, most of whom walked from Cheswick to the mine. All other trains during the day were also loaded, while several thousand people drove or walked from nearby places. No attempt was made to keep order. But six bodies remained in the morgue and the crowds were allowed to see them.

Memorial Services Held.
Memorial services were held in St. Mark's Lutheran church, near the company's cemetery. Similar services were held in other churches of the valley. The Lutheran services, however, were of a general character and were attended by about 300 people. Addresses were delivered by the Rev. F. C. Vele of the Methodist Protestant church of Springdale and George E. Alter, attorney for the Allegheny Coal company. Mr. Alter's address was in the nature of a tribute to the dead. He said that as a representative of the company for whom the faithful men had worked he felt that he should speak of their heroism. He paid a glowing tribute to Selwyn M. Taylor.

In part he said: "If those men had fallen in battle a nation would mourn their loss. Monuments would be erected to their valor. Their names would be perpetuated as heroes. These fellows who gave up their lives are entitled to as much distinction. They also fell in battle—a battle for civilization. That for which they fought furnishes comfort for millions by giving heat. It drives wheels, melts ore, draws trains of cars and propels steamers. It has pleased God to place these riches in the bowels of the earth and man must go down into the depths among deadly gases to bring them to sunlight. It was this noble battle these men were waging."

Corpses Preserved by Ice.
Since Saturday two more bodies were brought up, one of which was identified as that of George Bigley, a driver, the son of James Bigley. The other was that of Robert Brown, the son of George Brown, the pit boss. Several days ago the body of Joe Jajla was identified as Bigley's. The two last bodies brought from the mine had been encased in cakes of ice at the foot of the shaft and were in a fair state of preservation. They could not be embalmed and both were interred.

Harrisburg, Feb. 1.—Chief Roderick of the department of mines will make a verbal report to Governor Pennypacker on the Cheswick mine disaster. Mr. Roderick declines to disclose his version of the cause of the explosion until after the coroner's inquest. He says operations will not be resumed in the mine until after another examination of it has been made. Mr. Roderick has returned from Cheswick, where he has been since Wednesday.

IN OHIO LEGISLATURE.
Little Has Been Accomplished During Whole Month's Session.

Columbus, O., Feb. 1.—Aside from changing the title of the governor's chief secretary, increasing the salary of the lieutenant governor, the Ohio legislature has accomplished little during the session which has already consumed a month. Some minor appropriation bills have been passed, however, and a number of bills introduced.

The week opened with a public hearing on the automobile bills before the turnpike committee, followed by the same subject before the judiciary committee.

The Williams bill to fix the salaries of county commissioners is on the calendar for final consideration and will be reached Tuesday. Wednesday the judiciary committee will hear arguments on the York bill for the codification of the revised statutes. School legislation will be further completed by the introduction of a so-called teachers' code by Assemblyman Smith of Washington county. With the finance committee on a junket to the state institutions little is promised for a week. Nothing is expected regarding canal legislation except sounding members in that regard.

MORE MINERS KILLED.
Powder Exploded in Hoisting Cage, Mangle Five Rockmen.

Mahanoy City, Pa., Feb. 1.—Five men were instantly killed in the Maple Hill colliery of the Philadelphia and Reading Coal and Iron company. The victims, who were rockmen, are: Morgan Jones, aged 35 years; John Mackey, 38; Joseph Junis, 35; Adam Savage, 23; John Huderick, 31.

The men were killed by an explosion of powder in a steel cage in which they were being hoisted. The explosion ripped the cage apart and the mangled forms of the rockmen fell 300 feet to the bottom of the shaft. The head of one of the men was blown off. The Maple Hill is one of the collieries visited by the anthracite strike commission and it is one of the best equipped mines in the coal region.

Monterey, Mexico, Feb. 1.—Word has reached this city from Victoria, capital of the state of Tamaulipas, stating that 14 men were killed in a mine accident near that city.

Sixteen men were being hoisted out of the mine. The engineer could not stop the lift when it had reached the surface. All the cables broke, precipitating the lift and its human freight to the bottom of the shaft, a distance of 1,500 feet. Of the 16 men who were in it, 14 were killed outright, one was seriously wounded and one is missing.

EXPLOSION KILLS TWO.
Natural Gas and Lighted Candle Cause Terrible Tragedy.

Pittsburg, Feb. 1.—Henry Magol and Charles Magol are dead and Mrs. Catherine Magol, Annie Magol and Willie Magol seriously injured as the result of a gas explosion at the Magol home at West Liberty, a suburb of this city.

The elder Magol went to the cellar to get some wine. He carried a lighted candle. Owing to a leak in a gas pipe a large quantity had accumulated in the cellar and an explosion followed his entry.

Willie Magol, aged 13, was blown through the side of the house, escaping with a sprained arm. Otto, asleep on the third floor, was thrown through a window and alighted on the roof. He was uninjured. Charles, who slept with Otto, was killed. The building was blown from its foundations, rising fully five feet in the air. When it descended the structure was a mass of wreckage and in a few moments was enveloped in flames.

Cincinnati Cashier's Holdings Will More Than Cover Deficit.

Cincinnati, Feb. 1.—The report of the experts who have completed their examination of the books of the Franklin bank of this city shows former Cashier Henry Burkhold to have been \$241,000 short.

Burkhold was superseded as cashier several months ago and has been so prostrated that he is not expected to recover. John J. Kilgour, president of the Franklin bank, says there will be no prosecution and that the bank and creditors will not lose a cent. Burkhold has given President Kilgour power of attorney to settle up his affairs and out of \$200,000 of Burkhold's holdings it is thought that about \$30,000 will be left for his estate.

DON'T WANT AMERICAN MEAT.
Austrian Agrarians Oppose Attempt of Butchers to Import It.

Vienna, Feb. 1.—The efforts of the municipal council to reduce the price of meat to the people of Vienna by securing the importation of trans-Atlantic meat products are meeting with very strong opposition from the Agrarian interests.

Associations of farmers and cattle men and peasants throughout Austria have addressed telegrams of protest to the ministry of the interior and the city council urging that irreparable damage would be done the agricultural interests of the country if the importation of meat from the other side of the Atlantic were permitted.

MISSION SUCCESSFUL

Emperor of Abyssinia Takes Kindly to Proposals of Americans.

RECEIVES THEM WITH POMP

Consul General Skinner and Party Have Returned to Marseilles from Their Journey to Capital of Ethiopia—Way Is Opened to Merchants.

Marseilles, Feb. 1.—The following details of the governmental mission to King Menelik of Abyssinia, which was led by United States Consul General Skinner, have been obtained. Mr. Skinner's party having arrived here.

Consul Skinner and the other members speak enthusiastically of the reception accorded them by King Menelik. On the way to the coast the party saw one elephant and heard a number of lions, but experienced no exciting adventures. In the course of an interview, Mr. Skinner said:

"President Roosevelt selected a most opportune time for establishing relations with Ethiopia, as Americans heretofore have been too indifferent to the remarkable development which is now going on in Abyssinia. Our cotton goods pass through many hands before sold at high prices in Abyssinia, but now Americans have an opportunity to conduct their own trade. King Menelik will send some of the products of his country to the St. Louis exposition as well as a commission composed of able men to show the Americans commercial opportunities in Abyssinia."

During the visit of the Skinner party at the capital King Menelik received them surrounded by an imposing assemblage of 2,000 functionaries. The escort of American marines established a camp called "Camp Roosevelt," which attracted a great deal of interest. The king made a personal inspection of the company, which lasted three hours, and after having witnessed the maneuvers of the marines he asked one of the men for his gun and loaded and fired it. This act on the part of the king pleased the visitors greatly. The Americans were impressed with the assimilative ability of the Abyssinians. Consul Skinner saying that the country is being rapidly modernized and that new roads, bridges, water supplies, telephones and telegraph lines are being constructed. He considers the Abyssinians to be the Japanese of Africa. He points out, however, that the postal and banking systems are defective and unsatisfactory. The money is on a silver basis. Consul Skinner believes that Americans will find a large field for activity in the gold, coal, petroleum and asphalt possibilities of Abyssinia.

Fig. the confidential adviser of King Menelik, will return to Abyssinia at once. He said King Menelik intended to prove his good feeling for France by visiting that country during the year.

A Cure For Eczema.
My baby had eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.

Contagion! Contagion!

This is the Alarm that must be Sounded Against Catarrh.

It is Contagious! It is Catching! It is Infectious!

Catarrh is a GERM disease and must be so treated henceforth. BRAZILIAN BALM is the only antidote that destroys the infectious germ and makes a radical cure.

A Home Treatment for \$1.00 With Tonic Free

We all know that Small Pox, Typhoid, Diphtheria, Measles, Mumps, Scarlet Fever, Whooping Cough, etc., are "catching." They are "catching" or contagious because they are germ or microbe diseases. This is no theory, it is a proved fact, admitted by all scientific men. Dr. Theodore Potter, the eminent Bacteriologist, says: "We can see bacteria, can cultivate them, can identify and grow the different varieties. We can plant them in the bodies of men and animals and reproduce at will the diseases from which the bacteria were obtained."

This is equally true of Catarrh. The germ-like breath of the Catarrh victim is laden with these malignant germs; so is the pus. Put a drop of it under a powerful microscope and see the miriads. They are very minute it is true. It takes 200,000 of them laid side by side to cover an inch on the rule, but there is probably no microbe so long lived, so persistent, so voracious and so hard to kill.

Not Climatic.

The opinion has widely prevailed that Catarrh was caused by climatic conditions. This is found to be a mistake, and has had most disastrous results, leaving how many houses would fall to display the "Yellow Flag?" Every one must help to stamp out this plague. Every one is vitally interested. Every one who is now free from it must avoid contagion as they would Small Pox or the Cholera. Those who are afflicted with it, even in a mild form, should hasten to get cured, and the other members of the family for their own safety, should insist on instant action. With united action the plague can be stayed and stamped out.

How has it Spread?

The breath! The fetid, germ-laden breath. Also by contact, as in kissing. Also from expectorations; and washing in the same bowl, using the same towels, napkins, etc., used by those afflicted with this putrid disease. It does not spring from the blood or any condition of the blood. The Catarrh microbe is never found in the "blood." It is not a "blood disease," and cannot be cured by "blood medicines." It is a germ disease and is propagated as above stated. It could not be propagated through the "blood."

A Sanitary Problem.

So rapid have been the ravages of this putrid distemper within the last few years that it must soon come to the front as the most vital sanitary problem. The disease is everywhere, but in many localities it is a veritable pestilence. If every house were quarantined where it exists how many houses would fall to display the "Yellow Flag?" Every one must help to stamp out this plague. Every one is vitally interested. Every one who is now free from it must avoid contagion as they would Small Pox or the Cholera. Those who are afflicted with it, even in a mild form, should hasten to get cured, and the other members of the family for their own safety, should insist on instant action. With united action the plague can be stayed and stamped out.

One Sure Cure.

Fortunately an antidote has at last been found for this filthy and infectious disorder. At last, after everything else had failed, and even the doctors had given up in despair, Brazilian Balm was discovered. It kills the microbe instantly; it penetrates between the folds and into the deepest passages of the head, healing the ulcers and running sores. It is the most healing balsam in the world. The moment you begin its use it renders the breath and exhalation immune (non-contagious). It heals the throat, curing Asthma and Bronchitis. It heals the stomach that has been made raw and ulcerated by swallowing the germ-laden Catarrh pus. It quickly takes Colds and Grippe out of the system. It has been in use 15 years and cured tens of thousands, even where the throat was eaten out so you could put your finger into the holes an inch deep. It will cure you.

A Great Offer.

Catarrh victims have run down systems and impaired vitality. It could hardly be otherwise. They need a good Tonic to help in restoring their lost vigor. A nerve and strength builder. We have the best remedy for this known to science: TOXICOLA TABLETS. We will from this time on, for the next six months, enclose a month's treatment of TOXICOLA TABLETS with every \$1.00 bottle of Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a Month's Treatment. See that the name is blown in the bottle, B. F. Jackson & Co., Indianapolis, Ind. The summer is the best time to treat Catarrh, as the disease is less violent than in cold weather.

to produce Mumps. So the Catarrh microbe must be benighted in to produce Catarrh, climate or no climate. The Catarrh germ will produce Catarrh and nothing else will produce it.

Again, Among the Aborigines of this country Catarrh was unknown. That proves it is not "climatic." Another thing. It took 200 years for Catarrh to get a foothold among us. Forty years ago less than 1 per cent. of the adult population were affected. Today there are over 20,000,000 victims, and rapidly multiplying. Has "climate" done this? Could anything do it but contagion?

Hurt By a Fall—John Sutch, a lino-type operator of this city, while visiting in Pittsburgh yesterday, fell down a flight of steps and severely sprained his back.

Drunk and Disorderly—A warrant will be issued today for the arrest of Richard Burrows, who will be charged by Squire H. P. McCarron with being drunk and disorderly last evening in the Hotel Grand building, of which the 'squire is the landlord.

Married in New Mexico—Percy Little, who went to Las Vegas, New Mexico, more than a year ago for the benefit of his health, was married a few days ago to one of the most prominent young ladies of Las Vegas, and is expected here tomorrow to spend part of his honeymoon.

No Loafing—A rule has been posted in the room occupied at the city hall by the police, warning all people, who are not on police business, to not use the room as a loafing place. Night Sergeant Todd, it is said, proposes to see that the rule is obeyed, but at present is in a quandary as to who really has a right to loiter there.

Summoned to Lisbon—Quite a number of local people have been subpoenaed to appear in court at Lisbon this week. Among them are Officer Hugh McDermott, who went to the county seat today, and Mayor Weaver, who will testify in two cases tomorrow. Chief Wyman has been subpoenaed, but owing to his impaired health cannot endure the trip.

A WELL KNOWN MAN

Galen A. Sheets, a Popular Candidate for the Office of County Auditor.

Galen A. Sheets, who hails from Hanover township, is perhaps the best known candidate for county auditor in the lineup as it now stands. Mr. Sheets announces his candidacy in a formal manner today and will undoubtedly be heard from when the convention is held in Lisbon on March 26. He has been a successful business man in his native town for many years, has a large number of friends in every section of the county and would be a safe man to entrust with the position he seeks.

Mr. Sheets is particularly popular among the party men in the rural districts, and with what support he is bound to receive from the city precincts he will be a formidable opponent.

TOM STAFFORD SEEN

IN TOWN ONCE MORE

Officer Aufderheide Saw the Ex-Policeman in the City Recently.

Officer Henry Aufderheide states that he saw Thomas Stafford, the ex-policeman, who caused a sensation in this city nearly two years ago, by deserting his wife and children and leaving for parts unknown in company with a woman, at the passenger depot the other night. Aufderheide thinks Stafford had been in the city several days visiting relatives.

Still in Business.

The Buckeye Building and Loan association, in its annual report published in another column, makes an excellent showing. It is one of the oldest associations in the city, and although its obituary was published recently, has no intention of quitting business. There are other associations that do a larger business, but none do a safer one, as the figures elsewhere displayed will show. The association enters upon another year with most encouraging prospects and will continue to have the confidence and support of a large number of patrons, as it really deserves.

WHAT'S GOING ON

Will Reed, the popular druggist, is thinking of putting a penny-in-the-slot weighing machine in his store, so that those who use Mi-na can tell how much they gain in weight every week.

There is talk of forming a "Get Fat Society" in East Liverpool. It will be a jolly crowd, as fat people are always happy. This will undoubtedly increase the sale of Mi-na, the flesh-forming food, for which Will Reed is the local agent.

It is rather unusual for a physician to treat his patients on the no-cure, no-pay plan. However, this is the way Druggist Reed is selling Mi-na, as he agrees to refund the price of 50c a box if it does not cure all stomach troubles and increase the weight.

The News Review is going to publish experiences of those who have used Mi-na, the remarkable flesh-forming food. Send in your letters and tell what this preparation has done for you.

The remarkable results from the use of our advertising columns has never been better shown than in Will Reed's large sale of Mi-na. This preparation has not been advertised for very many months, but it already is the best selling article in Will Reed's store.

NEGRO'S TERRIBLE CRIME.

Invades a Home and Brutally Assaults Mother and Child.

Roanoke, Va., Feb. 1.—When George A. Shields, a well-known young business man, reached his home at the lunch hour he found his 3-year-old daughter Mildred lying in a pool of blood in the hall with two ugly wounds in her head. He found his wife lying in pools of blood on a closet floor upstairs with her throat cut and her head horribly hacked. Mrs. Shields managed to gasp: "A large black negro man came through the kitchen and attacked me in the dining room."

Besides this there is no clue to the criminal. Mrs. Shields had been out-raged, after which her assailant dealt her several blows on the head with a hatchet, fracturing the skull, dragged her upstairs, where he cut her throat with a razor and threw her into the closet, fastening the door on the outside. The little girl was struck to hush her cries. The dining room floor was covered with blood and showed there had been a terrible struggle. The doctors entertain but slight hopes for the recovery of either the mother or child.

Ever since the discovery of the tragedy a large crowd of citizens has been in the vicinity of the city jail watching to see if the officers carry any one into the building. Mayor Cutchin has ordered Captain Francis of the Roanoke Blues to assemble his men as a precautionary measure.

SUITS AGAINST CHICAGO.

\$38,666,952 Damages Are Demanded for Personal Injuries.

Chicago, Feb. 1.—Personal injury suits amounting to \$38,666,952 are pending against the city of Chicago, according to the report of City Attorney John F. Smulski. The council, the legislature and finally the people are appealed to for relief. Sidewalk injuries caused the majority of the suits.

Mr. Smulski in his report shows that the interests combining to loot the city in this way amount practically to an organization. Names of lawyers, mostly young men, and doctors occur with great frequency in the list of suits. The city attorney says the piling up of suits will inevitably continue for some years, even should the city at once begin to tear up every wooden sidewalk.

The city attorney says the main cause of this condition is the deplorable state of the city's finances, which makes it impossible to care properly for its streets and sidewalks. The remedy, he says, is a new city charter. The many judgments awarded against the city are pointed out and Attorney Smulski says that unless favorable action is taken in regard to a new charter inevitable bankruptcy will result.

RUSSIA HESITATING

Delays Reply to Latest Note of Japanese on Far East Dispute.

TROOPS ARE BEING MOBILIZED

Japan Said to Have Whole Division on Board Transports Awaiting Refusal of Her Demands—Soldiers Gather Secretly Disguised as Coolies.

Paris, Feb. 1.—Another delay has occurred in framing and forwarding the Russian answer to the latest Japanese note and this will result in further averting the culmination of the crisis until the middle or the latter part of this week.

Count Lamsdorf, the Russian foreign minister, had expected that the exchanges going on would have permitted the final drafting of the answer so that it could have been presented to the czar for his approval, but the expectation was not realized, and as a matter of fact the answer has not yet been finally drafted. It was therefore determined to defer its submission to the czar until Tuesday or Wednesday. Efforts are still being made to so shape this answer as to prevent a rupture.

This new delay is interpreted as slightly improving the situation, as it indicates that Russia is making extreme efforts to bring the answer within limits acceptable to Japan.

London, Feb. 1.—Baron Hayashi, the Japanese minister to Great Britain, informed the Associated Press last night that his government did not know what Russia's answer would be and it was therefore impossible to say whether war was probable or not.

A semi-official denial has been issued at St. Petersburg to the reports that the czar presided at a council at which the Russian reply was decided upon and it is explained that no conference, except the one at which Grand Duke Alexis presided, has been held in connection with Russo-Japanese affairs.

A dispatch received here from Tien Tsin says Russia is purchasing large quantities of Kaiping coal for immediate delivery at Port Arthur, where the stocks of coal are believed to be running low.

The correspondent of the Daily Mail at Che-Foo cables he has learned that the Japanese naval reserve was mobilized last week and that the first army reserve was partly mobilized with great secrecy, the troops arriving at their destinations disguised as coolies. Over 100 transports have been requisitioned, the correspondent continues, and 28 transports and 38 warships are lying at Saseho, 25 miles north by west of Nagasaki. Forty transports filled with the Kumamoto division are lying in Takeshiki harbor, in Tsu Shima, ready for invasion. The destination of these latter vessels is believed to be Chung-Yu, whence the isolation of Korea could be easily effected.

Shields, a well-known young business man, reached his home at the lunch hour he found his 3-year-old daughter Mildred lying in a pool of blood in the hall with two ugly wounds in her head. He found his wife lying in pools of blood on a closet floor upstairs with her throat cut and her head horribly hacked. Mrs. Shields managed to gasp: "A large black negro man came through the kitchen and attacked me in the dining room."

Besides this there is no clue to the criminal. Mrs. Shields had been out-raged, after which her assailant dealt her several blows on the head with a hatchet, fracturing the skull, dragged her upstairs, where he cut her throat with a razor and threw her into the closet, fastening the door on the outside. The little girl was struck to hush her cries. The dining room floor was covered with blood and showed there had been a terrible struggle. The doctors entertain but slight hopes for the recovery of either the mother or child.

Ever since the discovery of the tragedy a large crowd of citizens has been in the vicinity of the city jail watching to see if the officers carry any one into the building. Mayor Cutchin has ordered Captain Francis of the Roanoke Blues to assemble his men as a precautionary measure.

SUITS AGAINST CHICAGO.

\$38,666,952 Damages Are Demanded for Personal Injuries.

Chicago, Feb. 1.—Personal injury suits amounting to \$38,666,952 are pending against the city of Chicago, according to the report of City Attorney John F. Smulski. The council, the legislature and finally the people are appealed to for relief. Sidewalk injuries caused the majority of the suits.

Mr. Smulski in his report shows that the interests combining to loot the city in this way amount practically to an organization. Names of lawyers, mostly young men, and doctors occur with great frequency in the list of suits. The city attorney says the piling up of suits will inevitably continue for some years, even should the city at once begin to tear up every wooden sidewalk.

The city attorney says the main cause of this condition is the deplorable state of the city's finances, which makes it impossible to care properly for its streets and sidewalks. The remedy, he says, is a new city charter. The many judgments awarded against the city are pointed out and Attorney Smulski says that unless favorable action is taken in regard to a new charter inevitable bankruptcy will result.

SKATING TONIGHT AT WEST END PARK.

Hotel Hartman at Columbus. When you go to Columbus you should not fail to visit the Hotel Hartman, as it is one of the features of the city. It is beyond doubt the finest and handsomest hotel west of New York. 272-eod-1f

RUSSIA HESITATING

Delays Reply to Latest Note of Japanese on Far East Dispute.

TROOPS ARE BEING MOBILIZED

Japan Said to Have Whole Division on Board Transports Awaiting Refusal of Her Demands—Soldiers Gather Secretly Disguised as Coolies.

Paris, Feb. 1.—Another delay has occurred in framing and forwarding the Russian answer to the latest Japanese note and this will result in further averting the culmination of the crisis until the middle or the latter part of this week.

Count Lamsdorff, the Russian foreign minister, had expected that the exchanges going on would have permitted the final drafting of the answer so that it could have been presented to the czar for his approval, but the expectation was not realized, and as a matter of fact the answer has not yet been finally drafted. It was therefore determined to defer its submission to the czar until Tuesday or Wednesday. Efforts are still being made to so shape this answer as to prevent a rupture.

This new delay is interpreted as slightly improving the situation, as it indicates that Russia is making extreme efforts to bring the answer within limits acceptable to Japan.

London, Feb. 1.—Baron Hayashi, the Japanese minister to Great Britain, informed the Associated Press last night that his government did not know what Russia's answer would be and it was therefore impossible to say whether war was probable or not.

A semi-official denial has been issued at St. Petersburg to the reports that the czar presided at a council at which the Russian reply was decided upon and it is explained that no conference, except the one at which Grand Duke Alexis presided, has been held in connection with Russo-Japanese affairs.

A dispatch received here from Tien Tsin says Russia is purchasing large quantities of Kaiping coal for immediate delivery at Port Arthur, where the stocks of coal are believed to be running low.

The correspondent of the Daily Mail at Che-Foo cables he has learned that the Japanese naval reserve was mobilized last week and that the first army reserve was partly mobilized with great secrecy, the troops arriving at their destinations disguised as coolies. Over 100 transports have been requisitioned, the correspondent continues, and 28 transports and 38 warships are lying at Sascho, 25 miles north by west of Nagasaki. Forty transports filled with the AMERICAN division are lying in Takeshiki harbor, in Tsu Shima, ready for invasion. The destination of these latter vessels is believed to be Chung-Yu, whence the isolation of Korea could be easily effected.
